9. The Regional Director (Western Region), Ministry of Corporate Affairs, filed its interim report dated **08.01.2026**. The Regional Director made the following observations on the proposed reduction of capital:
- a. *AOA clause 37 (a) provides for conversion of shares into stock as pleaded in company petition. however, after cross verification of the same it is observed that clause 38 (a) provides for reduction of share capital and;*
 - b. *In the special resolution approving the reduction of share capital dated 08.02.2025 in para it is mentioned that amount of Rs. 2,05,37,200 equity shares shall stand cancelled however; this is not pleaded in para 5 of company petition.*

10. The Petitioner Company vide Affidavit in Reply filed as on 23.01.2026 undertakes the following;

- (i) *In so far, as for the observation made w.r.t Article of Associations of Company, the Company Petition mentions on page 12 that "As per Article 37(a) of the Articles of Association of the Company, it is provided that the Company may, from time to time, by special resolution, reduce its capital in any manner permitted by law". It is to be noted that the reference to Reduction in the actual Articles of Association of the Company is Article 37(a) and reference to Reduction in e-Articles of Association (i.e., Form INC-34) is Article 38(a). This discrepancy arises because the Article 27 in e-Articles of Association (i.e., Form INC-34) that deals with One Person Company is not applicable to the Company and hence should not be considered, but however it is added to number sequence due to which Article 37(a) is shifted to Article 38 in e-AOA. As a result, the Article in e-Articles of Association (i.e., Form INC-34) shifted by one Article. The content of the provisions (i.e., the Articles of Association of the Company should permit reduction in share capital) shall remain same, only the article number differ due to the Article related to One Person Company. Therefore, mentioned Article 37(a) in Company Petition is correct and there is no discrepancy in the Petition.*
- (ii) *Minutes of the postal ballot dated 8th February, 2025, 2nd Para of the Petition and Para 2.5 of the Scheme of Reduction in Share Capital of the Company provides for the correct number of Equity Shares to be reduced.*

11. The Regional Director (Western Region), Ministry of Corporate Affairs, filed its Supplementary report dated **05.02.2026**. The Regional Director made the following observations on the proposed reduction of capital:
- i. *The Petitioner Company submits an Affidavit to the effect that the interest of the creditors and all stakeholders and Government Revenue are protected as well as statutory dues are paid off.*
 - ii. *The tax implication, if any arising out of the proposal for reduction is subject to final decision of Income Tax Authorities. The approval of the Company Petition by this Hon'ble Court may not deter the Income Tax Authority to scrutinize the tax return filed by the Company after giving effect to the proposed reduction. The decision of the Income Tax Authority is binding on the petitioner Company.*
 - iii. *That the shares of the Petitioner Company are listed with Bombay undertakes to comply with Stock Exchange (BSE), annexed the observation of BSE given vide letter dated 16.06.2025 as per Regulation 37 (6) (b) of SEBI (LODR) Regulations, 2015 and the petitioner may comply with observation and further requirement of SEBI, LODR Regulation, 2016.*
12. The Petitioner Company vide Affidavit in Reply on 26.02.2026 to the Supplementary report, undertakes the following;
- a. *The Petitioner Company undertakes to protect the interest of the Creditors and all Stakeholders and Government Revenue as well as to pay off statutory dues if any.*
 - b. *The Petitioner Company submits to comply with tax implication if any arising out of the proposed reduction and shall abide by the directions if any, issued by the income Tax Authority.*
 - c. *The Petitioner Company undertakes to comply with the provisions of SEBI (LODR) Regulations, 2016.*

13. The Petitioner Company also submits that;
- There are no proceedings, investigation, inspection, or inquiry pending against the Applicant Company under section 210-217, 219, 220, 223, 224, 225, 226 & 227 or any other provisions of the Companies Act, 2013 or any other applicable provision or Law for the time being in force.*
 - No qualification, reservation, adverse remark or disclaimer has been made by the Statutory Auditor in his report for the Audited Financials of the Petitioner Company as at March 31, 2025.*
14. From the material on record, the Petition for reduction appears to be fair and reasonable and is not violative of any provisions of law and is not contrary to public policy. Since all the requisite statutory compliances have been fulfilled, the prayer clauses in **C.P 194 (MB) of 2025** are made absolute. The Petition is hereby **allowed**.

PART III - RATIONALE & SALIENT FEATURES

4. RATIONALE

4.1 The Company was incorporated with the object to carry on the business of Non-Banking Financial Company ("NBFC") and obtained license from Reserve Bank of India ("RBI"). The Company has stopped carrying out NBFC business since financial year 2015 - 2016 and continued incurring fixed expenses for regular operations of the Company. RBI also cancelled the NBFC License w.e.f. 15th December, 2023.

4.2 The following points outline the key reasons for this capital reduction:

(a) **Mitigating Accumulated Losses:**

- Over the years, the Company has accumulated significant losses, which are reflected on the Company's balance sheet. The net carried forward losses as on March 31, 2024 is INR 7,30,26,062 (Indian Rupees Seven Crore Thirty Lakhs Twenty-Six Thousand Sixty-Two Only). These accumulated losses have eroded the net worth of the Company and negatively impacted its financial position.
- By reducing the paid-up capital against these accumulated losses, the Company can clear its balance sheet, thereby eliminating the negative impact of past losses. This move helps reset the financial structure, giving the Company a fresh start.
- Offsetting accumulated losses will also enable the Company to distribute dividends to shareholders in the future, as there will no longer be a requirement to cover these losses first.

(b) **Reflecting the True Financial Health of the Company:**

- The Company's financial statements currently reflect a large negative balance in the accumulated losses, which could be misinterpreted by potential investors and stakeholders as ongoing poor performance.
- Capital reduction helps in presenting a more accurate picture of the Company's financial position. By eliminating these accumulated losses, the Company's balance sheet will better reflect its current status and true potential, rather than being overshadowed by legacy losses.
- A clean balance sheet enhances transparency, enabling stakeholders to evaluate the Company's performance and future prospects more accurately.

(c) **Increasing Attractiveness to Investors:**

- Further, during the financial year 2023 - 2024, the Company has changed its object clause to carry on the business of proprietary trading and buying and selling in stressed assets of the banks and other financial institutions, and to restart the Company's operations and business, the Company is looking out for funding in near future. With the aim of attracting Investors in the Company to meet its business objective it is decided and approved to clean up the Company's balance sheet by adjusting the Company's carried forward losses against and by reducing 95% of the equity share capital of the Company.
- The new management aims to attract fresh investment to fuel the Company's growth and strategic initiatives. Accumulated losses and a

highly eroded capital base can act as deterrents to investors, who may perceive the Company as financially distressed or unstable.

- By reducing the capital and clearing the accumulated losses, the Company can improve its financial ratios, such as Return on Equity (ROE), and present a healthier balance sheet. This enhances the company's appeal to potential investors, making it easier to secure new funding and strategic partnerships.
- Investors are more likely to invest in a company with a strong financial foundation and a clear focus on future growth, rather than one burdened by historical losses.

(d) Enhancing Capital Efficiency:

- A capital reduction streamlines the Company's capital structure, allowing the management to optimize the use of funds. With accumulated losses cleared, the Company can pursue new growth opportunities without the burden of past financial setbacks.
- A leaner capital base improves capital efficiency, helping the Company generate higher returns on its available capital. This enables management to deploy resources more effectively towards business expansion and operational improvements.

(e) Aligning with Strategic Vision of New Management:

- The new management has a strategic vision to rejuvenate the Company, and capital reduction aligns with this goal by providing a solid financial foundation for future initiatives.

- Clearing historical losses through capital reduction allows the new management to start on a clean slate, making it easier to implement strategic changes and demonstrate quick wins in terms of financial performance and operational efficiency.
- This step is a critical part of the restructuring process, signaling to stakeholders that the management is committed to restoring financial health and enhancing shareholder value.

(f) **Improving Market Perception and Stakeholder Confidence:**

- A capital reduction can help improve market perception by signaling that the Company is taking proactive steps to address its financial challenges. This move may increase confidence among stakeholders, including employees, creditors, and suppliers, as they see the Company taking action to improve its stability and sustainability.
- For publicly traded companies, this can also lead to positive sentiment in the stock market, as investors perceive the Company as better positioned for growth and profitability in the long term.

4.3 The capital reduction is a strategic decision by the new management of the Company to eliminate historical accumulated losses and strengthen the Company's financial position. By doing so, the Company aims to enhance its attractiveness to investors, align with management's growth vision, and set a foundation for future success. This action will not only help to present a more accurate picture of the Company's financial health but will also enable it to pursue its strategic goals without the shadow of past financial setbacks.

- 4.4 The Scheme of Reduction of Share Capital is presented with a view to achieve restructuring of the Company which would result in the Company's financial position will be more accurate considering the future business operations of the Company.
- 4.5 The proposed reduction will be for the benefit of the Company and its shareholders, creditors and all concerned as whole.
- 4.6 The reflection of the true financial statement of the Company would ensure the Company to attract a new source of revenue.
- 4.7 The Scheme will enable the Company to overcome its financial difficulties and improve its work in the future and in turn enhancement of the Company's shareholder's value.
- 4.8 The proposed reduction of the Equity Share Capital of the Company would not have any adverse effect on the creditors of the Company or the Company's ability to fulfil its commitments or meet its obligations in the ordinary course of the Company's business as there is no payout resulting from the proposed share capital reduction. Further, the proposed share capital reduction may result in an increase in the proportionate shareholding of other shareholders of the Company, including public shareholders.

- 4.9 Post the reduction of share capital -
- (i) The Company will have more efficient capital structure and shareholders will also benefit in terms of enhanced return on equity capital, return on capital employed and dividend yield on face value of shares.
 - (ii) The Company will have enough resources to fund the proposed expansion.
- 4.10 The reduction of the paid-up equity share capital will not result in any change in the proportion of shareholding of the members of the Company and would not in any way have any adverse effect on the Company's ability to honour its commitment or meet its obligations in ordinary course of business.

The Company Secretary,
Trustwave Securities Limited

 Maharashtra, 400021

Dear Sir/ Madam,

Sub: Draft Scheme for reduction of share capital under Companies Act, 2013 - Application filed under Regulation 37(1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 by "Trustwave Securities Limited."

This is with reference to the application filed under Regulation 37(1) of the SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015 ("Listing Regulations") by Trustwave Securities Limited for reduction of paid-up equity share capital of the company.

Subsequent to the examination by the Exchange & SEBI, it is observed that,

- i. Trustwave Securities Limited ("Company") has filed draft Scheme of Arrangement with the Exchanges on November 13, 2024, wherein the scheme provides to write off carried forward accumulated losses of past years against the share capital of the company by way of 95% reduction in the paid-up equity share capital of the company.
- ii. SEBI has recently amended regulation 37(6) of the Listing Regulations, vide gazette notification dated December 12, 2024, to provide inter-alia that: -

"Nothing contained in regulation 37 shall apply to draft schemes which solely provide for writing off accumulated losses against the share capital of the listed entity applied uniformly across all shareholders on pro-rata basis or against the reserves of the listed entity, if such draft schemes are filed with recognized stock exchanges for the purpose of disclosures"
- iii. It is observed that the instant draft scheme solely provides for "writing off accumulated losses of Company", a listed entity, against its share capital applied uniformly across all its shareholders on a pro-rata basis and is therefore covered under the above-mentioned amendment (i.e., Regulation 37(6)(b)).

In view of the above, the draft is being returned to the Company due to non-applicability of Regulation 37 on the instant draft scheme in light of amended Regulation 37(6)(b) of SEBI (LODR) Regulations, 2015.

Yours faithfully,

Ashok Kumar Singh
