Subject: Commencement of the commercial production at second plant in Kharkhoda

Dear Sir(s),

You are kindly informed that the Company has successfully commenced the commercial production at the second plant of its manufacturing facility at Kharkhoda, Haryana with a capacity of 250,000 units per annum, w.e.f. **18th May 2026**.

In February 2025, the Company had successfully commenced the commercial production from the first plant at this facility with a capacity of 250,000 units per annum.

With this, the Company’s total annual production capacity stands at 2.65 million units.

The breakup of production capacity across the facilities is as follows: Gurugram – 0.5 million units; Manesar – 0.9 million units; Hansalpur – 0.75 million units; Kharkhoda – 0.5 million units.

The press release being issued by the Company on the subject matter is also enclosed herewith as Annexure – “A.”

Kindly take the same on record.

Thanking you,

Yours faithfully,

For Maruti Suzuki India Limited

Press Release

Maruti Suzuki commences commercial production at 2nd plant in Kharkhoda, Haryana

New Delhi, 18th May 2026: Maruti Suzuki India Limited (‘Maruti Suzuki’) has announced the commencement of commercial production at the second plant of its Kharkhoda manufacturing facility in Haryana.

This second plant has an annual production capacity of 2.5 lakh units, taking the total capacity at Kharkhoda to 5 lakh units. Maruti Suzuki’s overall annual production capacity across its facilities in Gurugram, Manesar and Kharkhoda in Haryana, and Hansalpur in Gujarat is now 26.5 lakh units.

Once fully operational, the Kharkhoda facility will be among Suzuki’s largest four-wheeler manufacturing locations with capacity to produce 1 million vehicles per annum.

Maruti Suzuki had earlier indicated its plan to add 5 lakh units of capacity in FY 2026–27, and the addition is in line with this plan.

Maruti Suzuki currently manufactures the compact SUV Brezza and mid-SUV Victoris at the facility.
