ANNEXURE 2: MANAGEMENT DISCUSSION, BUSINESS GUIDELINES & OPERATIONAL UPDATES

Key business highlights, operational advancements, and strategic expansions reviewed and taken on record by the Board of Directors of Lord's Mark Industries Limited on November 14, 2026:

1. Surge in Medical Device Division: The medical device division has witnessed a massive jump in sales and profitability across domestic and institutional channels.

2. Manufacturing License Expansion: The company has successfully secured 26 additional licenses for medical device manufacturing.

3. Sickle Cell Screening Project: All regulatory approvals for Sickle Cell screening have been met. Commercial product launch is scheduled immediately following manufacturing license issuance in January 2027.

4. AI-Based Dialysis Machine Production: Production of AI-based dialysis machines at the Bangalore facility has officially commenced. Trials began in November across specialized healthcare centres and local Indian customers.

5. Global Export Shipments: Export orders have been successfully secured, and machines are currently in the final leg of testing. Commercial shipments will commence from December end to the UK, USA, Africa, Nepal, and Bangladesh as pure sales of machines.

6. Breast Cancer Screening Device: The breast cancer screening device has cleared all regulatory approvals and will be launched for mass screening in January 2027.

7. Institutional Healthcare Penetration: The institutional division successfully catered to 10,000 customers, including hospitals, over the past two quarters, with an ambitious target of reaching 25,000 hospitals by March 2028.

8. CAR-T Therapy Clinical Trials: Regulatory approval process for CAR-T therapy is underway, with final clinical trials scheduled to commence in February 2027.

9. Gut Microbiome Testing: Gut testing products have received CDSCO approval and are ready for commercial market roll-out starting December 2027.

10. Third IVD Manufacturing Facility: Construction of the third In-Vitro Diagnostics (IVD) manufacturing factory has begun and is slated to be operational before March 2028.

11. AI-Based Medical Devices for General Practitioners: The company is fully prepared to launch a suite of AI-based medical devices ready for clinical use by physicians and general practitioners globally starting February 2027.

12. US Subsidiary Establishment: The company has established 'Lords Mark Industries Inc.' in the US to set up a dedicated lab and manage the export of a complete range of IVD products and surgicals from India, with sales commencing in March 2027 following US FDA approval.

13. UK Subsidiary Approvals: The UK subsidiary has secured all necessary approvals from MHRA, making it one of the fastest companies to achieve regulatory clearance for its product range, including AI-based dialysis machines. Operations in the UK will start in February 2027, with product sales originating from India starting January 2027.

14. Caribbean Operations & Export: Caribbean operations are progressing actively. Pathology laboratories are being established through local Caribbean partners, with export sales targeted for March 2027.

15. Lords Mark Microbiotech Expansion: Lords Mark Microbiotech Ltd. (subsidiary) has successfully crossed the milestone of opening 70 laboratories and collection centres across India, providing Lord's Mark Industries Ltd. a major strategic edge as the principal raw material manufacturer.

16. R&D Team Strengthening: Lord's Mark Industries has expanded its core R&D team by inducting 10 highly qualified professionals.

17. Globalizing CAR-T Cancer Treatment: Lord's Mark has initiated the regulatory and clinical process to take its proprietary CAR-T technology for cancer treatment to the US, UK, and Europe, positioning itself as the first Indian company to take breakthrough cellular therapy global. Trial reports are slated for publication by December 2027, with advanced treatment centres operational by June 2028.
