3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

#### **Material Uncertainty related to going concern**

The Company's operating results have been materially affected due to various factors including non-realization of unconfirmed Trade receivables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against company for recovery of its dues, notices/ summon to company/director(s) from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, commencement of CIRP proceedings as stated in Note No. 1, Debt Recovery Tribunals and other courts for recovery of banks dues and possession/attachment/sale of company's properties, assignment and transfer of dues in favor of an asset reconstruction company (ARC), pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on occasional sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue unconfirmed trade payable, non-realization of loan and interest thereon from a subsidiary etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal and statutory authorities due to various factors mentioned herein above. These events cause significant doubts on the ability of the company to continue as a going concern. The appropriateness of the going concern assumption is dependent on the company's ability to raise adequate finance from alternative means, settlement of its due from banks and ARC, outcome of CIRP process and recoveries from overseas Trade Receivables to meet its short term and long term obligations as well as to establish consistent business operation. The above situation indicates that material uncertainty exist that cast significant doubt on company's ability to continue as a going concern.

Based on our review, with a exception of the matters described in para 5 to 7 and 9 to 13 above, where we have not been able to determine the possible effect on the financial results and financial impact of the matter described in para 4 and para 8 above and considering the facts stated regarding material uncertainty relating to Going Concern, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited standalone financial results prepared in accordance with applicable accounting standards i.e. Ind-AS prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) including the manner in which it is to be disclosed, or that it contains any material misstatement.

Statement of Unaudited Standalone Financial Results for the Quarter &amp; Nine Months ended December 31, 2025 prepared in compliance with the Indian Accounting Standard (Ind-AS)

3 The auditors in their report on financial statement for the year ended March 31, 2025 have given disclaimer of opinion on the basis of observations that The Company's operating results have been materially affected due to various factors including non-realization of unconfirmed Trade receivables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against company for recovery of its dues, notices/ summon to company/director(s) from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, commencement of CIRP proceedings and non-adjustment of financial and operational creditors claims as referred in Note No. 1 above, proceedings of Debt Recovery Tribunals and other courts for recovery of banks dues and possession/attachment/sale of company's properties, assignment and transfer of dues in favor of an asset reconstruction company (ARC), Income tax demands and consequent attachment of bank accounts by income tax department, reliance on occasional sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue unconfirmed trade payables, non-realization of loan and interest thereon from a subsidiary etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal and statutory authorities due to various factors mentioned herein above. These events cause significant doubts on the ability of the company to continue as a going concern. The management is of the view that due to certain unfavourable developments and sluggish market in earlier periods, the recovery from trade receivables are slow and there is a mismatch in the cash flow resulting in default in payment to creditors, payment of statutory dues and repayment of dues to banks owing to which banks have classified the account as NPA and recalled their loans. The management is hopeful that these trade receivables shall be recovered as the company has initiated legal action by way of sending legal notices and filing court cases. The company has filed legal suits in Mumbai High Court against majority of debtors. Further, the management is taking all possible steps to revive the business operations. The Company has approached and assumes that Company will have adequate cash flow from export realisation to defray its entire debt obligation and payment to creditors in phased manner. At the same time, management is hopeful that it will be able to raise adequate finance from internal accruals and alternate means to meet its short term and long term obligations. Hence, the accounts of the Company are prepared on going concern basis.

4 (a) Trade Receivables, Trade payables/other payables and Loans (including accrued interest) given to a subsidiary denominated in foreign currency have not been restated based on exchange rate as at the period end and consequential tax impact on above has also not been accounted for. These Trade Receivables and Loans (including accrued interest) have been carried forward based on exchange rate as at the end of March 31, 2015, March 31, 2016 and / or as at end of March 31, 2017, as it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables and loan to subsidiary. Consequently, the payment to creditors is also dependent on recovery from these Trade receivables. The company shall account for the actual exchange differences and its consequential tax impact at the time of realization of these trade receivables, Loans and advances and at the time of payment to trade creditors/ other payables.

(b) No confirmations and/or statements have been received from lender banks having outstanding dues amounting to Rs. 17730.38 lacs, deposit/advance given to an assets reconstruction company amounting to Rs. 1405.61 lacs and various banks having debit balance of Rs. 1.58 Lacs as at December 31, 2025. These balances are subject to reconciliation and subsequent adjustments. However, the management to the best of its knowledge and belief have recorded all the transactions.

(c) Had the exchange gains/(loss) as referred above have been accounted for, loss before tax for the quarter and nine months ended December 31, 2025 have been decreased by Rs. 765.85 lacs and Rs. 2,974.52 lacs respectively

5 The auditors have made observation regarding non-recognition of expected credit loss on trade receivables and loan given to subsidiary. The management is of the opinion that in view of court cases initiated against the trade receivables and looking to the uncertainty regarding time frame and quantum of realisation from these trade receivables, amount of expected credit loss required to be recognized cannot be estimated. The same shall be provided as and when the information regarding quantum and time frame of realisation from these trade receivables is ascertained. With regard to loan due from subsidiary, the same is in the nature of long term loan for set up of business of the subsidiary and is part of net investment in the subsidiary. The operation of the subsidiary shall soon be revived and these loans will be recovered in future.

However, the company is providing interest on its loan to subsidiary and simultaneously is also providing for expected credit loss against such interest accrued. Till date provision for expected credit loss amounting to Rs. 996.09 lacs has been made against the accrued interest on the loan to subsidiary.

6 With regard to auditors observation in standalone financial statement regarding non-provision for impairment against investment in subsidiaries amounting to Rs. 2.03 Lacs and Rs. 7.44 lacs, the management is of the view that the investment in subsidiary is in the nature of long term investment and the subsidiaries have substantial business value.

7 The Company has given Rs. 1405.61 lacs to Alchemist Asset Reconstruction Company Ltd (ARC) as adhoc / repayment of loans to show its intent of settlement of its dues with four lender banks assigned to ARC. The terms and conditions of the settlement are yet to be finalised.

#### **Material Uncertainty related to going concern**

The Holding Company's operating results have been materially affected due to various factors including non-realization of unconfirmed Trade receivables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against the holding company for recovery of its dues, notices/ summon to holding company/director(s) from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, commencement of CIRP proceedings against holding company as stated in Note No. 1, Debt Recovery Tribunals and other courts for recovery of banks dues and possession/attachment/sale of holding company's properties, assignment and transfer of dues in favor of an asset reconstruction company (ARC), pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on occasional sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue unconfirmed trade payable, non-realization of loan and interest thereon from a subsidiary etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal and statutory authorities due to various factors mentioned herein above. These events cause significant doubts on the ability of the group to continue as a going concern. The appropriateness of the going concern assumption is dependent on the group's ability to raise adequate finance from alternative means, settlement of its due from banks and ARC, outcome of CIRP process and recoveries from overseas Trade Receivables to meet its short term and long term obligations as well as to

establish consistent business operation. The above situation indicates that material uncertainty exist that cast significant doubt on group's ability to continue as a going concern.

Based on our review, with a exception of the matters described in para 6 to 8 and 10to 12 above, where we have not been able to determine the possible effect on the financial results and financial impact of the matters described in para 5 and para 9 above and considering the facts stated in material uncertainty relating to Going Concern para above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited consolidated financial results prepared in accordance with applicable accounting standards i.e. Ind-AS prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there-under and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) including the manner in which it is to be disclosed, or that it contains any material misstatement.

### **Other Matters**

We did not review the interim financial information / financial results of three subsidiaries included in the unaudited consolidated financial results, whose interim financial information / financial results reflects total revenues of Rs.Nil lacs, total net loss after tax of Rs.29.68lacs and total comprehensive income of Rs. 29.68lacs, for the period ended December 31, 2025, as considered in the unaudited consolidated financial results. These interim financial information / financial results have been reviewed by other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph 3 above.

**Statement of Unaudited Consolidated Financial Results for the Quarter & Nine Months ended December 31, 2025 prepared in compliance with the Indian Accounting Standard (Ind-AS)**

2 Lead Bank Punjab National Bank, on behalf of all consortium banks, had initiated SARFESI proceedings against the holding company and has taken possession of the movable and immovable properties mortgaged. PNB has also issued notice for classifying the holding company and its directors & guarantors as "wilful defaulter" against which the holding Company has filed its reply. Four lender banks up to the reporting date have already transferred and assigned its outstanding dues against holding company to an Asset Reconstruction Company.

The holding company and its managing director have also received enquiry and summon notices from Enforcement Directorate in respect of non-recovery of dues from overseas trade receivables against which the holding company has submitted its reply and managing directors have attended the personal hearing proceedings. The Holding company has also received show cause notice from Reserve Bank of India (RBI) for non-realisation of export bills within the period prescribed under the Foreign Exchange Management Act, 1999, to which the holding company has replied. The Holding Company has also received show cause notice from Office of the Development Commissioner, Surat SEZ regarding certain non-compliances and non-realisation of export proceeds, to which holding company has replied suitably.

3 The auditors in their report on financial statement for the year ended March 31, 2025 have given disclaimer of opinion on the basis of observations that the Holding Company's operating results have been materially affected due to various factors including non-realization of Trade receivables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against holding company for recovery of its dues, notices/ summon to the holding company/director(s) of holding company from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, commencement of CIRP proceedings and non-adjustment of financial and operational creditors claims as referred in Note No. 1 above, proceedings of Debt Recovery Tribunals and other courts for recovery of banks dues and possession/attachment/sale of holding company's properties, assignment and transfer of dues of banks in favor of an asset reconstruction company (ARC), pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on occasional sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal and statutory authorities due to various factors mentioned herein above. These events cause significant doubt on the ability of the group to continue as a going concern. The management is of the view that due to certain unfavourable developments and sluggish market in earlier periods, the recovery from trade receivables are slow and there is a mismatch in the cash flow resulting in default in payment to creditors, payment of statutory dues and repayment of dues to banks owing to which banks have classified the account as NPA and recalled their loans. The holding company management is hopeful that these trade receivables shall be recovered as the holding company has initiated legal action by way of sending legal notices and filing court cases. The holding company has filed legal suits in Mumbai High Court against majority of debtors. Further, the management of holding company is taking all possible steps to revive the business operations, and assumes that Holding Company will have adequate cash flow from export realisation to defray its entire debt obligation and payment to creditors in phased manner. At the same time, Holding company management is hopeful that it will be able to raise adequate finance from internal accruals and alternate means to meet its short term and long term obligations. Hence, the accounts of the Holding Company are prepared on going concern basis.

4 (a) Trade Receivables, Trade payables/other payables denominated in foreign currency have not been restated based on exchange rate as at the period end and consequential tax impact on above has also not been accounted for. In the opinion of management, it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables. Consequently, the payment to creditors is also dependent on recovery from these Trade receivables. The Group shall account for the actual exchange difference and their consequential tax impact at the time of realization of these trade receivables and at the time of payment to trade creditors/ other payables.

(b) No confirmations and/or statements have been received from lender banks having outstanding dues amounting to Rs. 17730.38 lacs, deposit/advance given to an assets reconstruction company amounting to Rs. 1405.61 lacs and various banks having debit balance of Rs. 1.58 Lacs as at December 31, 2025. These balances are subject to reconciliation and subsequent adjustments. However, the holding company management to the best of its knowledge and belief have recorded all the transactions.

(c) Had the exchange gains/(loss) as referred above have been accounted for, loss before tax for the quarter and nine months ended December 31, 2025 have been decreased by Rs. 727.38 lacs and Rs. 2,825.10 lacs respectively

5 The auditors have made observation regarding non recognition of expected credit loss on trade receivables. The management of holding company is of the opinion that in view of court cases initiated against the trade receivables and looking to the uncertainty regarding time frame and quantum of realisation from these trade receivables, amount of expected credit loss required to be recognized cannot be estimated. The same shall be provided as and when the information regarding quantum and time frame of realisation from these trade receivables is ascertained.

6 The Holding Company has given Rs. 1.405.61 lacs to Alchemist Asset Reconstruction Company Ltd (ARC) as adhoc / repayment of loans to show its intent of settlement of its dues with four lender banks assigned to ARC. The terms and conditions of the settlement are yet to be finalised.
