Adani Power to Buy PPL Stake, Check Plant in ₹4.2k-crore Deal

Move part of broader revamp of infra group that is under bankruptcy administration

Our Bureau

Mumbai: Adani Power said Thursday it would buy stakes in Jaypee Group's power producers for about ₹4,200 crore as part of a broader restructuring of the debt-laden infrastructure group that is under bankruptcy administration. Adani would buy 24% in Jaiprakash Power Ventures (JPV) for ₹2,850 crore and the 100 MW Chuk thermal power plant in Uttar Pradesh for ₹1,200 crore. The latter deal involves Jaypee Group's 51.49% equity in the Chuk facility.

DEAL CLOSURE

Transaction expected to close within 90 days of NCLT nod, subject to conditions under the approved resolution plan

The acquisitions will strengthen the company's generation portfolio and deepen its presence in the thermal power sector, while also enabling it to diversify exposure to JPV's diversified energy and mining assets. Adani said JPV currently operates power generation assets with an aggregate capacity of 2,220 MW and also owns a 2 million tonnes per annum cement grinding unit.

The transaction is expected to be completed within 90 days from the NCLT approval date, subject to the "Effective Date" conditions under the approved resolution plan.

SC Junks Plea Against Forest Diversion for Adani Coal Mine...

Court also upholds Madhya Pradesh govt's nod for Power.

Indu Bhan

New Delhi: The Supreme Court on Thursday rejected a petition against the Environment Ministry's final Stage-2 approval for Adani group company Stratatech Mineral Resources for diversion of 1,39,374 hectares of forest land in Singur, Madhya Pradesh, for the Dhiraai coal mining block. It also rejected the plea against the Madhya Pradesh govt's approval for the company for the project.

Seeking quashing of the approvals in the interest of environmental protection, environment activist Ajay Dabey had requested the court to declare the forest area an eco-sensitive zone, claiming it served as an elephant corridor and contained rich, diverse and dense forests. He claimed that the elephant corridor passed through the Dhiraai coal mining block, which has been allocated to Mahan Energy, a subsidiary of Adani

Power. Forming a serious environmental issue and notwithstanding litigation, the petitioner argued that the court needed to examine the validity of the forest clearances as six lakh trees, which were reportedly more than 500 years old, would need to be felled for the project. The National Green Tribunal had in April rejected Dabey's petition on the grounds of a delay of 259 days in filing the case against the environment ministry and the state government's approvals granted in May last year. The tribunal said that it had no jurisdiction to condone the delay beyond 90 days.

However, Dabey said that the limitation period should be calculated from December 2025, when deforestation activity began at the site, and when he came to know about all the permissions. Local communities and activists had also resisted the project, citing severe environmental damage to the habitats of indigenous land and forests.

...Flags Need for Fairer Loan Process for Retail Borrowers

to "borderline harassment" on ordinary citizens seeking small loans for personal reasons.

New Delhi: Flagging a "troubling trend" in the banking sector, the Supreme Court said that banks like the State Bank of India are "casual" while sanctioning massive loans to big corporate entities, but impose "stringent conditions and tedious process" amounting

to "borderline harassment" on ordinary citizens seeking small loans for personal reasons. Expressing its displeasure at this casual attitude of the lenders, a bench comprising Justice Abhinav Mani and Justice R. Subramanian said that a policy needs to be crafted to ensure that the process is fair and equitable for all borrowers.

for loan seekers or applicants and the lender at the stage of recovery also. However, the apex court was divided 3-2 in its view suggesting easing of norms and requirements for loan facilities, which was best left to the Reserve Bank of India and the banks concerned, but the procedure so adopted could certainly be made easier and fairer

for loan seekers or applicants and the lender at the stage of recovery also. However, the apex court was divided 3-2 in its view suggesting easing of norms and requirements for loan facilities, which was best left to the Reserve Bank of India and the banks concerned, but the procedure so adopted could certainly be made easier and fairer

Cigarettes may Keep Singeing ITC's Books

Co tweaks pricing & portfolio, but bottom line, near-term revenue remain at risk

Snehal Mergu

ITC Intelligence Group: ITC's cigarette business reported a sharp revenue decline in the March quarter due to the recent increase in taxes. While other segments such as FMCG and paperboards showed improved profitability, the cigarette business meant they could not fully offset the decline in cigarette margins. To manage the impact of higher tax, the company is implementing various pricing and product portfolio. It has taken multiple steps in recent months to strengthen its portfolio and protect market share.

The stock has dropped nearly 24% so far in 2026, reflecting concerns around the company's growth prospects following the tax increase. While various challenges appear ahead, with the price-to-earnings (P/E) multiple at around 10 times, below its three- and five-year average of 23-24 times, the stock is likely to remain under pressure until there is more clarity on how the company navigates these challenges and whether its strategies deliver results. ITC's margin was weighed down by weakness in the cigarette business, which accounted for nearly half of revenue. The standalone operating margin before depreciation and amortisation (EBITDA margin) on gross revenue basis dropped to 50% from 61% in the year-ago period. The segment's margin also contracted to 5.8% from 7% during the period due to US tariffs, climate-related supply issues and West Asian demand contraction. Domestically, the government's imposition on stock limits and export curbs on key commodities restricted business opportunities.

1. Not Annualised except for the year ended 31st March, 2025 & 31st March, 2020.

Notes:

- The above results have been reviewed and recommended by the Audit Committee and approved by the Board of Directors at their respective meetings held on May 21, 2026.
- The Board of Directors has recommended a final dividend of Rs. 2.00/- (100%) per equity share of Rs. 2/- each for the financial year ended March 31, 2026, which is subject to the approval of the shareholders at the ensuing Annual General Meeting. The Promoters and Promoter Group have waived their right to receive the Final Dividend for the Financial Year 2025-26.
- Pursuant to a Family Settlement Agreement among the promoter group, the Board of Directors of the Company, at its meeting held on 23 April 2024, has accorded its in-principle approval for a proposed Scheme of Demerger, whereby the business undertakings of Vertical A and Vertical C are proposed to be demerged into two separate Wholly Owned Subsidiaries of the Company, to be incorporated for this purpose and business of Vertical B shall continue to remain in the Company. As the proposed Scheme of Demerger is currently at a preliminary stage, and pending finalisation and consequential filing with the concerned regulatory authorities for their necessary approvals, no effect has been given in these financial statements.
- The above is an extract of the detailed format of Audited Financial Results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
