## TVS MOTOR COMPANY HITS MILLION UNIT PRODUCTION MILESTONE IN INDONESIA, REINFORCING ITS GLOBAL FOOTPRINT

- *Of the 1 million units produced, ~95% consist of two-wheelers while the remaining are three-wheelers.*

**Karawang, February 18, 2025.** TVS Motor Company—a global leader in two and three-wheeler manufacturing—has marked a historic milestone by reaching one million units of total production in Indonesia since commencing operations in the country 19 years ago. This achievement not only signifies the company's success in building a strong and resilient manufacturing foundation in Indonesia, but also reflects its consistent commitment to delivering high-quality mobility solutions that remain relevant to both domestic and international markets.

### **Key Production Statistics**

- **Total Volume:** 1,000,000 units produced since 2006.
- **Product Mix:**
  - **Two-Wheelers:** ~95% of total production.
  - **Three-Wheelers:** ~5% of total production.
- **Operational Longevity:** 19 years of manufacturing presence in Indonesia.

### **Strategic Global Role & Export Reach**

Since its establishment, TVS Motor Company Indonesia has positioned itself as a producer of automotive products and a long-term partner in the development of the national automotive industry. The company has continuously invested in modernizing its manufacturing facilities, expanding production capabilities, and adopting advanced technologies to ensure world-class product quality.

Commenting on this milestone, James Chan, Senior Vice President, ASEAN Business said, *"Indonesia's strategic role as one of TVS' global manufacturing hubs is evident in the wide distribution of its production output. A significant portion of the one million vehicles produced in Indonesia has been exported to key international markets across ASEAN, South Asia, the Middle East, South America, and Africa. The ability of Indonesia-produced vehicles to meet stringent global standards highlights the competitiveness of local manufacturing."*

## **Domestic Infrastructure & Distribution**

Alongside strengthening production capabilities, the company has also expanded its sales and after-sales service network across the country. Today, TVS Motor Company Indonesia operates 49 dealerships located in strategic regions across Java, Bali, Lombok, Sumatra, Kalimantan, and Sulawesi. This extensive network ensures that customers have easier access to TVS products and reliable after-sales services, which serve as crucial pillars for building long-term trust within the automotive industry.

## **Core Vision**

The accomplishment of one million units stands as a testament to the dedication, perseverance, and long-term vision that have guided TVS Motor Company Indonesia throughout its journey. Every vehicle produced by the company is designed to meet the evolving needs of Indonesian consumers, with an emphasis on performance, durability, fuel efficiency, technological relevance, and design features that reflect the unique characteristics of the local market. This commitment has enabled TVS to remain competitive and relevant amid the dynamic shifts and increasing technological advancements in the global and national automotive landscape.

Beyond production achievements, TVS Motor Company Indonesia continues to deliver tangible contributions to the national economy. The company plays a meaningful role in job creation, technology transfer, and strengthening the capabilities of local manufacturing ecosystems. Close collaboration with local suppliers, dealer partners, and supporting industry networks further positions TVS as a valuable contributor to Indonesia's broader industrial development.

This historic milestone reinforces the company's optimism as it steps into the future of the automotive industry, which is undergoing a major transformation toward modern and sustainable mobility. TVS Motor Company Indonesia remains committed to advancing innovation, expanding its product portfolio, and developing more efficient, low-emission, and technology-driven mobility solutions that align with global trends. With a strong foundation built over nearly two decades, the company is poised to further its contributions to Indonesian society, the national economy, and the advancement of the automotive sector in the years ahead.
