## **TCS Opens New Office in Romania to Power Up its European Delivery Network**

*The new center in Bucharest will bolster TCS' capabilities in specialised engineering services, strengthening TCS' European delivery network to drive digital transformation for clients across the continent*

**BUCHAREST | MUMBAI, December 15, 2025:** [Tata Consultancy Services](#) (TCS) (BSE: 532540, NSE: TCS), a global leader in IT services, consulting, and business solutions, today announced the expansion of its presence in Romania with the inauguration of a new office in Bucharest. This strategic facility will strengthen TCS' local capabilities as a digital engineering services hub and further enhance its European delivery network.

Located in Bucharest's prominent Floreasca business district, the latest facility highlights TCS' commitment to local talent, with over 95% of employees being Romanian nationals. This investment in Romania's workforce and digital engineering capabilities will significantly enhance TCS' ability to deliver complex projects for its clients. TCS also recently launched a Software-Defined Vehicle (SDV) innovation hub in Bucharest, which will support global automotive clients in transitioning to next-generation mobility solutions.

The new Bucharest office will form a vital component of TCS' European delivery network, which enables the delivery of hyper-connected services to over 350 customers across 20 countries in Europe, employing more than 15,000 professionals. This ensures that TCS customers worldwide benefit from consistent, near-shore experiences tailored to their unique cultural, compliance, language, and technological requirements.

**Dr. Manoj Kumar Mohapatra, Indian Ambassador to Romania, said, "It is exciting to see TCS' continued growth and investment in Romania. This new office not only signifies a deepening of economic ties between India and Romania but also highlights their combined contribution to the global technology landscape."**

TCS entered the Romanian market in 2019, as an extension of its presence in Europe. The new office is a testament to the country's business potential, powered by a highly skilled talent pool. This expansion reinforces TCS' long-standing commitment to serving as a trusted IT partner for European enterprises over the last four decades.

**Sapthagiri Chapalapalli, Head of Europe, TCS, said, "This expansion in Bucharest is a testament to our unwavering commitment to strengthening our European delivery network and delivering services tailored**

*to the unique needs of our customers. It reinforces our belief in the region's potential to drive innovation and support our clients' growth, particularly across digital engineering and next-gen mobility solutions."*

**Prabal Datta, General Manager and Delivery Centre Head, TCS Eastern Europe, said,** *"Romania's vibrant talent pool, particularly in engineering, makes it a strategic hub for TCS as part of its global delivery network. This new space will enable us to further strengthen our capabilities in areas like engineering and software-defined vehicles and power transmission, while continuing to onboard exceptional local talent."*

TCS boasts a wide network of highly skilled professionals across 20 countries in Europe and is well known for its outstanding customer satisfaction and recognition as a leading employer in the area. For 12 years in a row, TCS has topped the Whitelane Research Customer Satisfaction ranking, and the Top Employer Institute has honoured it as a Top Employer for 13 consecutive years. TCS continues to play a pivotal role in business transformation, helping companies navigate change and achieve tangible success with its diverse and adaptable workforce spread over 58 offices across Europe.

#### About Tata Consultancy Services (TCS)

Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS) is a digital transformation and technology partner of choice for industry-leading organisations worldwide. Since its inception in 1968, TCS has upheld the highest standards of innovation, engineering excellence and customer service.

Rooted in the heritage of the Tata Group, TCS is focused on creating long term value for its clients, its investors, its employees, and the community at large. With a highly skilled workforce of over 590,000 employees across 55 countries and 202 service delivery centres across the world, the company has been recognised as a top employer in six continents. With the ability to rapidly apply and scale new technologies, the company has built long term partnerships with its clients – helping them emerge as perpetually adaptive enterprises. Many of these relationships have endured into decades and navigated every technology cycle, from mainframes in the 1970s to Artificial Intelligence today.

TCS sponsors 14 of the world's most prestigious marathons and endurance events, including the TCS New York City Marathon, TCS London Marathon and TCS Sydney Marathon with a focus on promoting health, sustainability, and community empowerment. TCS generated consolidated revenues of over US \$30 billion in the fiscal year ended March 31, 2025. For more information, visit [www.tcs.com](http://www.tcs.com)
