Salzer expands Smart Metering portfolio with Wirepas- a global leader in wireless mesh integration, Finland

Coimbatore, India – 4 March 2026 – Salzer, a prominent manufacturer of electrical goods and provider of energy Solutions , has announced the signing of a Memorandum of Understanding with Wirepas, a global leader in wireless mesh integration headquartered in Finland. The partnership will integrate the **Wirepas Certified platform** into its smart electricity meters, delivering next-generation metering solutions that help utilities operate more efficiently and intelligently. This adoption highlights Salzer’s commitment to innovation, interoperability and building resilient energy infrastructure across India.

The Wirepas Certified platform allows Salzer meters to form a self-optimizing, collaborative network, automatically adjusting to ensure uninterrupted data flow across urban, rural and mixed infrastructure environments. Utilities benefit from reliable performance without the need for extensive additional infrastructure, enabling smarter energy management at every scale.

“Smart metering is about empowering utilities with accurate, reliable and adaptable technology,” said Lakshminarayana (LN), Vice President at Salzer. “With the Wirepas Certified platform, we can offer solutions that not only meet current industry standards but are prepared for the challenges of tomorrow’s grids. This partnership strengthens our vision of creating truly intelligent energy systems.”

Sebastian Pellorce, SVP AMI India at Wirepas, added, “Salzer’s adoption of the Wirepas Certified platform demonstrates a forward-looking approach to smart metering. It’s about building networks that utilities can trust for years to come.”

By leveraging the platform’s adaptive capabilities, Salzer meters work together to ensure network resilience, scalability and operational efficiency, helping utilities deliver consistent service to customers while reducing operational complexity.

Press Release

About Salzer

Salzer is a Leading player offering Total and Customized Electrical Solutions in Switchgears, Wires & Cables, and Energy Management business. It is the largest manufacturer of CAM Operated Rotary switches & Wire Ducts in India. The Company caters to a wide range of products with four in-house manufacturing facilities, located in Coimbatore. Salzer is a pioneer in advanced energy solutions, delivering smart metering, intelligent grid systems, and IoT-enabled energy management technologies. Focused on innovation and sustainable infrastructure, Salzer empowers utilities to optimize operations, improve service reliability, and build resilient energy networks for the future.

About Wirepas

Wirepas is a global leader in IoT connectivity, delivering the invisible infrastructure behind ultra-resilient, infinitely scalable mesh networks for large-scale, mission-critical industrial and commercial deployments. Its product, the Wirepas Platform, is based on the principles of NR+, making it globally accessible, standards-based and interoperable. Already running in more than 20 million devices worldwide, including the largest mesh network of over one million smart electricity meters, it is proven across diverse real-world monitoring and control applications
