Encl.: as above

Rathi Steel and Power Limited

Awarded Prestigious **GreenPro** Ecolabel Certification for Sustainable TMT Rebars

New Delhi– April 17, 2026 – Rathi Steel and Power Limited (RSPL), a premier special steel manufacturer in the National Capital Region, proudly announces that it has been awarded the **GreenPro ecolabel certification by the Confederation of Indian Industry (CII) for its Rathi Powertech brand of TMT rebars manufactured at its Ghaziabad Unit.** This significant milestone establishes RSPL's commitment towards a sustainable and green future.

The **GreenPro certification, a Type-1 Ecolabel, specifically covers the Fe 550 Grade of TMT Rebars** produced at RSPL's state-of-the-art manufacturing unit in Ghaziabad. The CII **GreenPro Certification** serves as a transformative benchmark for RSPL, reinforcing our commitment to sustainable manufacturing and environmental stewardship. For users and designers, the benefits are equally significant. RSPL's certified products provide essential credits for National and International **Green Building certifications (like LEED or IGBC)** while ensuring a toxic-free environment for end-users. Furthermore, for structural designers, the certification guarantees high-quality, durable steel that streamlines the due diligence process, ensures cost-effectiveness, and accelerates the pace of construction. Ultimately, **GreenPro** aligns RSPL with global sustainability standards, delivering value to the planet and our stakeholders alike.

RSPL's achievement aligns closely with the industry's **shift towards "Green Steel" and reducing overall carbon footprints.** Since its inception, the company has consistently upgraded its manufacturing facilities to support environmentally friendly industrial practices.

Management Comment

"Achieving the GreenPro certification is a powerful validation of our unwavering commitment to sustainability and the future of green steel," said Sh Udit Rathi, **Promoter at Rathi Steel and Power Limited.** "We have continuously invested in upgrading our facilities to ensure that our operations and products are environmentally responsible and sustainable. This is a proud moment for our entire team. This milestone is even more important, as it extends benefits to our customers in terms of green certification compliances, branding etc."

About Rathi Steel and Power Limited

Rathi Steel and Power Limited (RSPL), headquartered in Ghaziabad, Uttar Pradesh, is a leading manufacturer of stainless steel and mild steel long products. Established in 1971, the company carries forward the renowned Rathi legacy built over five decades of innovation, trust, and quality in steel manufacturing.

Operating a modern integrated facility spread across about 12.5 acres in the NCR region, RSPL has a steel melting capacity of about 85,000 tonnes per annum and a rolling capacity of 2,00,000 tonnes per annum. Its diverse product portfolio includes stainless steel billets, wire rods, TMT bars. It is India's only stainless-steel wire rod manufacturer using direct billet charging technology, ensuring superior energy efficiency and lower carbon emissions. With dealer outlets spread across several northern states, the company has a strong retail footprint and its Rathi-branded products have been used in several marquee infrastructure projects.

RSPL has maintained a robust financial position, maintaining minimal debt and strengthening its operational base through cost efficiency, technology upgrades, and renewable energy integration through open access power purchase. The Company focuses on manufacturing products, that are sustainable, using the "Recycling Route" of steel making ensuring minimal carbon foot print.

In FY25, RSPL reported revenues of ₹505.43 Cr, an EBIDTA of ₹24.31 Cr, and a profit after tax of ₹13.95 Cr. Revenue for FY 26' exceeded Rs 715 Crores.
