Interpol arrests drug case accused linked to Dawood gang, hands him over to Gujarat Police

Express News Service
Ahmedabad, November 3

Salim Dola was wanted by the Gujarat ATS in connection with seizure of drugs worth Rs 438.64 crore in Vadodara in 2022. GUJARAT POLICE

THE GUJARAT Anti-Terrorist Squad (ATS) on Tuesday said they had, on October 31, taken custody of Salim Ismail Dola, a wanted fugitive, after he was apprehended by the Interpol in the United Arab Emirates (UAE) on the basis of a Red Corner Notice (RCN).

Dola, a previous associate of gangster Dawood Ibrahiam's aide Mohammad Iqbal Memon alias Iqbal Mirchi, was wanted by the Gujarat Police for the past four years since his name appeared in an investigation into a narcotics brewing factory in Vadodara in 2022.

On December 1, 2022, Gujarat ATS conducted a raid at a manufacturing unit/factory located in Sindhrot village of Vadodara district and unearthed an illegal factory engaged in the manufacturing of mephedrone (MD) drugs. During this operation, 87.728 kg of Mephedrone (MD) drugs, having an estimated international market value of Rs438.64 crore, were seized. A total of 10 accused persons involved in this criminal activity were arrested, and booked under the NDPS Act.

A statement issued by the ATS on November 3 said, "During the investigation, Police Inspector B H Korot found that the arrested accused, Soumil Pathak, came into contact with Mumbai-based Salim Ismail Dola while in jail. The investigation revealed that he was involved, along with Dola, in manufacturing and selling narcotic substances such as mephedrone."

It said, "It was also revealed that the mephedrone manufactured at Sindhrot was delivered to Aiman Musa Sheikh alias Ayan Khan, an associate of Salim Dola, in Mumbai. Since Salim Dola was a wanted accused in the said offence, efforts were initiated to trace and apprehend him."

Amid the efforts to trace Dola, the ATS said they found that he was allegedly operating an illegal drug trafficking network from abroad. They thus initiated proceedings through INTERPOL and got a Red Corner Notice (RCN) issued against him, leading to efforts at the international level to trace and apprehend Dola.

The ATS statement said, "During the investigation, it further came to light that Dola was previously associated with Iqbal Mirchi. According to information received through intelligence inputs, during the 1990s, when Iqbal Mirchi was involved in the international illegal trade of mandrax drugs, Dola used to work for him by transporting drugs."

HC allows 12-yr-old rape survivor to terminate 25-week pregnancy

Aditi Raja
Vadodara, November 3

THE GUJARAT High Court has permitted a 12-and-half-year-old minor rape victim to terminate a 25-week advanced pregnancy after considering the assessment of a medical board, the minor's wish not to continue with the pregnancy, and the consent of her parent.

In an order passed on Monday (November 2), Justice Mool Chand Tyagi allowed the petition filed by the survivor through her mother, but directed that the procedure for termination be undertaken only after a medical board unanimously certifies that it can be performed safely without endangering her life.

The court also directed the state government to bear the medical expenses and provide long-term rehabilitation and psychological support to the minor.

As per the facts of the case, the petitioner is a victim of rape from Devbhumi Dwarka district, and an FIR in the case has been registered under the Bharatiya Nyaya Sanhita, 2023 (BNS) and the Protection of Children from Sexual Offences Act, 2012 (POCSO Act).

The court order records that the petition seeking to terminate was filed after the pregnancy had crossed the 24-week gestational limit permitted under the Medical Termination of Pregnancy Act, 2021 (MTP Act).

The gestation period was recorded as 25 weeks and 3 days on October 28 at a government hospital in the district.

On October 30, the High Court had directed that a medical board should be constituted to examine the girl and to submit its opinion on whether termination was possible in the circumstances.

In its report, which was placed before the court on Monday, the board confirmed that the girl was 12 years and seven months old and carrying a single live intrauterine foetus of 25 weeks and one day, according to an ultrasound examination conducted on October 31.

The medical board stated that a "panel of doctors have examined the patient and she is considered to be fit for MTP. We are of opinion that if she undergoes MTP procedure at this gestational age certain complications may occur, few of them we mention here are hemorrhage, cervical injury, perineal injury, retained tissue bits, post abortal infection," the court noted in its order.

"If she requires surgical procedure she may have serious complications like uterine rupture, uterine bleeding, post-abortal infections and in delayed complication it also includes infertility...," the report said.

The board also stated that "rare life threatening complications include disseminated intravascular coagulation and amniotic fluid embolism".

It said that the psychiatric assessment had found no major active symptoms of psychiatric illness at the time, but recommended counselling and a follow-up examination.

The court order noted that on the timing of the procedure, the board had said, "If MTP is considered then it should be performed without delay to avoid major complications and other adverse effects like negative impact on her mental, social, physical conditions."

After examining the board's report, counsel for the petitioner submitted that neither the girl nor her parents wished to continue the pregnancy.

Relying on a precedent in a Supreme Court order, counsel for petitioner emphasised on reproductive autonomy and the best interests of a minor carrying an unwanted pregnancy beyond the statutory limit.

The SC ruling of April 2026 had stated, "No court ought to compel any woman and more so a minor child, to carry a pregnancy to full term against her express will."

The SC had added that "what is of relevance is the choice of the pregnant woman rather than the interest of an unborn child".

Taking note of the medical board's opinion, the wishes of the girl and her parent, and the judgment of the SC, the HC said: "I am of the view that the best interest of the victim-girl is to be considered."

The court allowed the petition, subject to medical safeguards, and directed the hospital to obtain the girl's written consent and constitute a medical board to assess her fitness and explain the risks to her and her guardian.

It also directed that the procedure should be undertaken only if the board "unanimously certifies" that it could be performed "without endangering her life". The hospital must provide psychological support and keep her under observation until she is declared fit for discharge, the court said in its order.

The hospital has also been directed to preserve foetal tissue samples for DNA testing and to hand them over to the investigating officer.

GUJARAT CONFIDENTIAL

Mock 'Pickpockets'

IN THE busy old city and MG Road areas of Vadodara, as shoppers bargained for Diwali goodies, public address systems warned people to secure their valuables and not leave children unattended. Meanwhile, some men in plainclothes were discreetly "removing" mobile phones from the purses of unsuspecting women shopping in the markets. This was the Vadodara Police's unusual mock drill to alert shoppers to pickpocketing and theft risks. The police soon returned the phones to their owners, successfully demonstrating how thieves could exploit crowded spaces. Deputy Commissioner of Police (Zone-3) Abhishek Gupta advised shoppers against falling for inducements or suspicious offers during the festive season. He also cautioned against cyber fraud.
