ITEM NO. 3: TO CONSIDER AND APPROVE THE CHANGE IN THE NAME OF THE COMPANY.

The Management of the Company has proposed to change the name of the Company from **"Alka Securities Limited"** to **"Anova International Limited"** with a view to aligning the name of the Company with its proposed business activities, future growth plans and business objectives.

The proposed name "Anova International Limited" is intended to reflect the Company's vision of expanding and diversifying its business activities and developing its operations with an international outlook.

Accordingly, the Board of Directors of the Company, at its meeting held on Wednesday, 11th August, 2026, considered and approved the proposal for change of name of the Company from "Alka Securities Limited" to "Anova International Limited", subject to the approval of the Members of the Company and such other approvals, permissions, sanctions and consents as may be required from the Central Registration Centre ("CRC"), Registrar of Companies ("ROC"), Ministry of Corporate Affairs and other statutory/regulatory authorities, as applicable.

The Company shall make an application to the CRC for reservation and approval of the proposed name "Anova International Limited" in accordance with the applicable provisions of the Companies Act, 2013 and the rules made thereunder. The approval/reservation of the proposed name by the CRC is presently awaited.

In order to facilitate the proposed change of name and to avoid the requirement of convening a separate general meeting of the Members solely for obtaining their approval after receipt of the approval/reservation of the proposed name from the CRC, the Company is seeking the approval of the Members in advance, subject to the proposed name being approved/reserved by the CRC and the change of name being subsequently approved and registered by the ROC.

Accordingly, upon receipt of the approval/reservation of the proposed name from the CRC and subject to compliance with all applicable statutory and regulatory requirements, the Company shall complete the necessary filings and formalities with the ROC for giving effect to the proposed change of name.

The change in name shall not take effect merely upon approval by the Members and shall become effective only upon receipt of the requisite approvals from the CRC/ROC and issuance of the fresh Certificate of Incorporation by the ROC consequent upon the change of name.

Consequent upon the change in name, the name clause of the Memorandum of Association and Articles of Association of the Company shall be altered accordingly, subject to the approval of the Members and the requisite statutory approvals.

ITEM NO. 2: TO ALTER THE OBJECTS CLAUSE OF THE MEMORANDUM OF ASSOCIATION OF THE COMPANY.

The Company was originally incorporated with objects which, inter alia, included carrying on activities relating to membership and operations on stock exchanges, acting as brokers, commission agents, dealers, jobbers and market makers and dealing in shares, securities, debentures, bonds and other financial and money market instruments. The Objects Clause of the Memorandum of Association of the Company also contains objects relating to carrying on the business of an investment company and dealing in shares, debentures, securities, immovable properties and other investments.

The Management of the Company has undertaken a review of the existing Objects Clause of the Memorandum of Association in order to align the objects of the Company with its present business strategy, proposed future activities and long-term growth plans.

The Company now proposes to focus its business activities primarily towards the agriculture and allied sectors, including agro-based activities, food processing, agricultural commodities, cold storage and warehousing, trading and other activities incidental and ancillary thereto. In view of the proposed re-alignment of the Company's business activities, the existing objects relating to stock exchange operations, broking, dealing in securities and investment activities are no longer in line with the proposed business direction of the Company.

Accordingly, it is proposed to delete the following existing 2 (Two) objects from the Objects Clause of the Memorandum of Association of the Company and consequently re-number the remaining objects 3 to 6 to 1 to 4:

1. To obtain membership, registration, seat or privilege either in the name of the Company or of its nominee/s in or of the National Stock Exchange Limited (a Company Incorporated under the Companies Act, 1956) and/or any other Stock Exchange or any similar body or institute or agency and to act as brokers, commission agents, dealers, jobber, market makers and to generally operate on Stock Exchange in any other capacity as may be permissible under the applicable law, statute, rules and regulations in shares, securities, stocks, debentures, debenture stocks, commercial papers, certificate of deposits, bonds, treasury bills, obligations, any debt instruments, money market

instruments, any other securities or instruments whether issued guaranteed by any company constituted of carrying on business in India or elsewhere or by any Government, State, Dominions, Sovereign Ruler, Commissioners, Public Body or Authorities, Supreme, Municipal, Local or otherwise, firm or persons whether in India, or elsewhere.

2. To carry on the business of an investment Company and to buy, sell, barter, exchange, pledge, mortgage, construe, develop, make advance upon, receive, speculate or otherwise deal in shares, debentures, debenture stock, stock, bonds, obligations, units or Unit Trust, Saving Certificates, Government and other securities of any nature whatsoever, immovable properties or any rights therein (including premises in any cooperative society or company) whether in India or elsewhere.

The Board has approved the deletion of the existing Subclause 1-2 for aligning the objects of the Company towards Agriculture and alied activities. The proposed alteration is intended to better reflect the diversified and expanded scope of its business activities and is aligned with the company's broader strategic vision, multi-industry presence, and evolving business model, and aims to present a unified and forward-looking identity to stakeholders, partners, and customers across domestic and international markets.

Hence, it is proposed to amend the object clause of the Memorandum of Association of the Company as set out in the resolution under Item No. 4 to empower the Board of Directors of the Company to alter the object clause in line with the requirements of Section 4 of the Companies Act, 2013 and also to pursue new business opportunities which can be carried on conveniently with the existing businesses of the Company as and when they deem fit.

The proposed alteration of the Objects Clause requires the approval of the Members of the Company by way of a Special Resolution pursuant to the provisions of Section 13 and other applicable provisions of the Companies Act, 2013 and rules made thereunder.

None of the Directors, Key Managerial Personnel of the Company or their respective relatives is, in any way, concerned or interested, financially or otherwise, in the proposed resolution, except to the extent of their respective shareholding, if any, in the Company.

The Board of Directors recommends the resolution set out at **Item No. 4** of the accompanying Notice for approval of the Members by way of a **Special Resolution**.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026 and profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not

include the standalone financial statements and our auditor's report thereon. The Company's annual report is expected to made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Company's annual report, If we conclude that there is a material misstatement therein, we are required to communicate the matters to those charged with governance and take necessary actions, as applicable under the relevant law and regulations.

Management's and Board of Director's Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including Indian Accounting Standards (IND AS) prescribed under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of IND AS Financial Statement

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material

misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in

internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure B referred to in Paragraph 2 clause (f) under "Report on Other Legal and Regulatory Requirements" section of the Independent Auditor's Report of even date to the members of Alka Securities Limited on the financial statements for the year ended 31 March 2026

Independent Auditor's Report on the Internal Financial Controls with reference to the Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the standalone financial statements of Alka Securities Limited as at and for the year 31 March 2026, we have audited the internal financial controls with reference to financial statements of the Company on that date.

Responsibilities of Management for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the Institute of Chartered Accountants of India ("ICAI") and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal financial controls over financial reporting and their operating effectiveness. Our audit of Internal financial controls over financial reporting included obtaining an understanding of Internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal financial controls over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external

purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal Financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also projections of any evaluation of the internal financial controls over financial reporting to future period are subject to the risk that Internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls systems over financial reporting and such internal financial controls systems over financial reporting were operating effectively as at 31 March 2026, based on internal financial controls systems over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of internal financial controls systems over financial reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements for the year ended 31 March, 2026

1 Corporate Information

Alka Securities Limited (CIN L65910MH1994PLC165204) was incorporated on December 20th, 1994 under the Companies Act, 1956 with the Registrar of Companies Maharashtra. The Company is involved in the business of Financial leasing and consultancy. The company is listed on Bombay Stock exchange (BSE) wide script code 532166 & ISIN: INE921C01031.

2 Material Accounting Policies :

2.1 Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), the provisions of the Companies Act, 2013 ("the Companies Act"), as applicable and guidelines issued by the Securities and Exchange Board of India ("SEBI"). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements correspond to the classification provisions contained in Ind AS 1, "Presentation of Financial Statements". For clarity, various items are aggregated in the statements of profit and loss and balance sheet. These items are disaggregated separately in the notes to the financial statements, where applicable.

Accounting policies have been applied consistently to all periods presented in these financial statements.

2.2 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

2.3 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17 and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.4 Use of estimates

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.
Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.
Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of valuation of deferred tax assets and provisions and contingent liabilities.

Valuation of deferred tax assets
In view of uncertainty of future taxable profits, the Company has not recognized deferred tax asset (net of deferred tax liabilities) at the year end.

2.5 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognised:

a) Income is recognized on accrual basis except income related to non-performing assets, which is accounted on cash basis in accordance with prudential norms of Reserve Bank of India.

b) The Company has adopted Implicit Rate of Return (IRR) method of accounting in respect of finance charges income for hire purchase/loan transactions. As per this method, the IRR involved in each hire purchase/loan transaction is recognized and finance charges calculated by applying the same on outstanding principal financed thereby establishing equitable distribution of income over the period of the agreement.

c) Interest on overdue installments is accounted for on receipt basis.

d) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

e) Dividend income is recognised at the time when right to receive the payment is established, which is generally when the shareholders approve the dividend.

2.6 Foreign currencies

The functional currency of the Company is Indian rupee (Rs.).

Income and expenses in foreign currencies are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss.

2.7 Employee benefits
The Company provides post-employment benefits through various defined contribution and defined benefit plans.

2.7.1 Defined contribution plans
A defined contribution plan is a plan under which the Company pays fixed contributions into an independent fund administered by the government. The Company has no legal or constructive obligations to pay further contributions after its payment of the fixed contribution, which are recognised as an expense in the year in which the related employee services are received.

2.8 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.8.1 Current tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities

Current tax is the amount of tax payable on the taxable income for the period as determined in accordance with the applicable tax rates and the provisions of the Income tax Act,1961.

2.8.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.8.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.09 Inventories

Inventories (Other than Quoted Shares & Securities) are valued at cost or net realisable value, which ever is lower. Cost is determined on First-In First-Out (FIFO) basis and includes cost of purchase and other costs incurred in bringing inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.10 Property plant and equipment

The Company has elected to continue with the carrying value of all of its plant and equipment (including freehold land) as at the transition date, viz., 1 April 2015 measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Property plant and equipment and capital work in progress are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss (if any).

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. Repairs and maintenance are charged to the Statement of Profit and Loss during the financial period in which they are incurred.

Particulars of PPE	**Useful life (in years)**
Office premises	5
Furniture & fixtures	10
Computer	3
Vehicles	10

Depreciation is computed on Written Down Value method ('WDV') based on estimated useful lives as determined by internal assessment of the assets in terms of Schedule of II to the Companies Act, 2013.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

No further charge is provided in respect of assets that are fully written down but are still in use.

2.11 Intangible assets

Development of property (website) and software costs are included in the balance sheet as intangible assets, when they are clearly linked to long term economic benefits for the Company. These are measured initially at purchase cost and then amortised on a straight-line basis over their estimated useful lives.

2.12 Impairment of tangible and intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

2.13 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.14 Financial Instruments

A. Initial recognition
Financial assets and financial liabilities are recognised when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Cash and cash equivalents
The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

B. Subsequent measurement

I. Non-derivative financial instruments

a. Financial assets carried at amortised cost
Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets at fair value through other comprehensive income
Investment in equity instruments (other than subsidiaries / associates / joint ventures) - All equity investments in scope of Ind-AS 109 are measured at fair value. Equity insturments which are hled for trading are generally classified at fair value through profit and loss (FVTPL). For all other equity instruments, the Company decides to classify the same either at fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVTPL). The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income (OCI). There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Dividends on such investments are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

c. Financial assets at fair value through profit or loss
Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

d. Financial liabilities
Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

II. Share capital
Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognised as a deduction from equity, net of any tax effects.

C. Derecognition of financial instruments
The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.15 Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

2.16 Earnings Per Share
Basic earnings/ (loss) per share are calculated by dividing the net profit/ (loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

For the purpose of calculating diluted earnings/ (loss) per share, the net profit/ (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares as appropriate. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

2.17 Impairment of financial assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition

31 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise interest rate risk.

Interest Rate Risk & Sensitivity Analysis

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Group's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

The sensitivity analyses below have been determined based on the exposure to interest rates for assets and liabilities at the end of the reporting period. For floating rate assets and liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year and the rates are reset as per the applicable reset dates. The basis risk between various benchmarks used to reset the floating rate assets and liabilities has been considered to be insignificant.

If interest rates had been 100 basis points higher/lower and all other variables were held constant, the Company's Profit for the year would decrease/increase by amount as stated below. This is mainly attributable to the Company's exposure to borrowings at floating interest rates.

Particulars	Borrowings	Change in Interst rate	Impact on Profit or Loss before tax for the year Increase by 1%	Impact on Profit or Loss before tax for the year decrease by 1%
As at 31 March 2026	89.87	1%	0.90	(0.90)
As at 31 March 2025	47.44	1%	0.47	(0.47)

*This is mainly attributable to the Company's exposure to borrowings at floating interest rates.
