SEBI orders ASTPL, its founder to refund Rs 546.17 crore

The regulator directed the ASTPLto deposit the refund amount within 5 months

THE SAVERA TIMES NEWS NETWORK

NEW DELHI: Markets regulator SEBI has ordered Avadhut Sathe Trading Academy Private Limited (ASTPL) and its founder, Avadhut Sathe, to refund Rs 546.17 crore collected from investors and participants for unregistered investment advisory and research analyst activities.

In a final order, SEBI barred the perpetrators from accessing the securities markets for two years or until they comply with the refund direction, whichever is later. Gouri Avadhut Sathe, a director of the academy, has been barred from the markets for six months.

The regulator directed the academy and Sathe to deposit the refund amount in a dedicated bank account within five months of receiving the order and to publish notices in English,

Hindi and a widely circulated local language newspaper within 30 days explaining how investors can claim refunds.

The repayments to the investors shall be "effected only through electronic fund transfers" or through any other appropriate banking channels with audit trails to identify the beneficiaries of repayments, according to the SEBI order.

Any balance remaining after refunds must be handed

to SEBI and held in escrow for one year for distribution to clients and complainants, with remaining amount to be transferred to the Investor Protection and Education Fund (IPEF).

SEBI has also imposed a total penalty of Rs 11.5 crore on the academy, Avadhut Sathe and Gouri Sathe, which must be paid within 45 days of receipt of the order. The academy faces a penalty of Rs 6 crore, Avadhut Sathe Rs 4 crore and Gouri Sathe Rs

1.5 crore.

"The bank accounts of the Noticees shall be frozen for debits till the time they deposit the entire amount in the dedicated bank account and IPEF maintained by SEBI," the order said.

The order followed an investigation after SEBI felt that the academy and its founder went beyond providing stock-market education and offered stock-specific advice and trading calls.

The academy allegedly provided entry and exit targets, stop-loss levels and price-direction forecasts without the required registrations.

The regulator found that the academy's promotional material selectively showcased profitable trades and claimed high returns to participants even after an administrative warning issued in March 2024.

Jio IPO subscribed 22.19 times, attracts record 1 cr applications

THE SAVERA TIMES NEWS NETWORK

MUMBAI: Jio Platforms Limited's initial public offering (IPO) has set multiple records during its three-day subscription period, becoming the fastest fully subscribed mega IPO and the first IPO globally to receive more than one crore applications.

According to data from the National Stock Exchange (NSE), the IPO was subscribed 22.19 times by the close of the third day. Investors placed bids for more than 438 crore shares against the 19.75 crore shares on offer.

QIBs Lead Investor Demand

Qualified Institutional Buyers (QIBs), comprising large institutional investors, showed the strongest interest in the issue. Their reserved portion was subscribed 70.55 times, with bids for more than 345.75 crore shares against 4.9 crore shares reserved for them.

The Non-Institutional Investors (NII) category was subscribed 14 times,

receiving bids for 51.03 crore shares against 3.64 crore shares on offer.

The Retail Individual Investors (RII) category was subscribed 2.72 times, with bids for 23.11 crore shares against 8.5 crore shares reserved for retail investors.

Total Bids Reach ₹7.4 Lakh Crore

Including the anchor investor portion, total demand for the Jio Platforms IPO reportedly reached ₹7.4 lakh crore. The public subscription portion alone attracted bids worth more than ₹4.9 lakh crore.

Based on the reported

figures, the IPO set a new record for the highest value of bids received outside the anchor book, surpassing the record set by LG Electronics India's 2025 IPO.

Anchor Investors Show Strong Interest

Anchor investors also demonstrated substantial demand, placing bids worth approximately ₹2.5 lakh crore against shares worth ₹8,110 crore allotted to them.

The strong response across institutional, non-institutional and retail categories highlights the scale of investor interest in the offering.

11 cr farmer IDs created 5 months ahead of deadline

THE SAVERA TIMES NEWS NETWORK

NEW DELHI: Union Minister for Agriculture and Farmers' Welfare and Rural Development, Shivraj Singh Chouhan said India has achieved its target of creating 11 crore Farmer IDs five months ahead of the March 31, 2027 deadline. The milestone achieved under the Digital Agriculture Mission will help benefit various schemes to be provided in a transparent manner, Chouhan said in an X post.

Further, a statement from the Ministry of Agriculture and Farmers Welfare said the Farmer ID acts as a unique digital identity to give farmers transparent, efficient and timely access to government schemes,

Shivraj Singh Chouhan

bank credit, crop insurance and disaster relief while reducing paperwork and repeated verification. Over 6 crore farmers across the country have so far received direct benefits under various schemes through the Farmer ID-based service delivery system. A verified farmer database was linked with agricultural services, which eliminated fraud and the need for duplicate verification.

Indian equities extend losses, Brent crude oil rises

THE SAVERA TIMES NEWS NETWORK

MUMBAI: The macroeconomic environment remains challenging, with crude oil emerging as a key source of uncertainty for domestic markets, analysts said on Saturday, as the Indian equities endured a challenging, holiday-shortened week, with benchmark indices extending their losses.

Nifty 50 and Sensex recorded weekly declines of approximately 2.4 % and 2.2 %, respectively. Both benchmark indices extended their losing streaks to four consecutive sessions.

The sell-off spread beyond large-cap stocks, with mid-cap and small-cap indices experiencing sharper declines as investors reduced exposure

amid rising uncertainty, said market participants. The Nifty 50 ended the week under pressure, after declining for four consecutive sessions. Persistent selling has weakened the short-term technical structure, with the index struggling to sustain its earlier recovery.

Brent futures gained 3.1 per cent to close at \$116.72 a barrel, highest since April 29. US West Texas Intermediate added 3.8 per cent to settle at \$103.27 a barrel.

Silver fell by Rs 16,503 to Rs 1.94 lakh kg, 10 gm gold fell by Rs 4,796

THE SAVERA TIMES NEWS NETWORK

NEW DELHI: The prices of gold and silver saw a decline this week. According to the India Bullion and Jewellers Association (IBJA), the price of 10 grams of 24-carat gold has fallen by ₹4,796 to ₹1.42 lakh. Previously, as of last week specifically October 17 it stood at ₹1.46 lakh. Meanwhile, the price of silver has dropped from ₹2.11 lakh per kilogram to ₹1.94 lakh, marking a decrease of ₹16,503.

Gold prices dipped 3.28 per cent on a weekly basis, while silver prices declined 7.83 per cent this week, as rising crude oil prices heightened inflation fears. The rising inflation concerns

reinforced expectations that global interest rates will stay higher for longer, prompting a wave of selling across precious metals markets.

On Friday, MCX gold futures expiring December declined 0.81 per cent while MCX silver futures for December shed 1.75 per cent. Gold futures stood at Rs 1,42,150, while silver futures

stood at Rs 1,96,100 per kg. Gold saw its steepest weekly decline since June and slipped below the psychologically important \$4,000 per ounce level for the first time since mid-July, analysts said.

The selloff in silver intensified over weakness in US technology stocks, particularly AI-linked companies, which triggered margin calls and forced investors to liquidate precious-metal holdings.

Meanwhile, crude oil surged to multi-month highs following renewed attacks on Saudi energy infrastructure and shipping routes, while the Indian rupee surrendered its early-week gains amid rising oil prices and renewed dollar demand.

RBI's net dollar purchases hit record \$43.3 billion in Aug

MUMBAI: RBI recorded its highest-ever monthly net dollar purchases in August, buying a net \$43.26 billion from the foreign exchange market as funds mobilised under its concessional swap facility flowed back to the central bank, it was announced on Friday. The central bank purchased \$74.47 billion during August while selling \$31.21 billion, resulting in net purchases of \$43.26 billion. The figure was more than double the net purchase of \$18.65 billion recorded in July. The sharp increase was largely driven by dollars raised under the RBI's concessional swap window for FCNR(B) deposits, ECBs and overseas foreign currency borrowings. The funds mobilised by banks under the scheme were routed back to the central bank through the swap facility. The RBI had advanced the closure of the facility to August 31 from the earlier deadline of September 30 after banks mobilised \$52.3 billion under the programme by August 14.

Indians' investment in foreign markets more than doubles to \$321 million in Aug under LRS

THE SAVERA TIMES NEWS NETWORK

MUMBAI: Investment in overseas equity and debt markets by Indians more than doubled, jumping 111 per cent to \$321.53 million in August year-on-year under the Liberalised Remittance Scheme (LRS), according to the RBI's October 2026 bulletin. According to the central bank's monthly bulletin, the investment in equity/debt segment was \$152.18 million a year ago, in August 2025.

On a month-on-month basis, the outflow in this category posted a 7 per

cent decline. Investment in equity and debt abroad hit an all-time high of \$460 million in June. In FY26, total outward remittances under LRS were \$28,979.36 million, according to the RBI data.

In August alone, the category accounted for about 11.7 per cent of

total LRS outflows, up from 5.8 per cent a year earlier.Outflows towards investment in equity and debt led outward remittances in August and are now a much bigger part of the LRS basket compared to last year.

In addition, total outward remittances under LRS

rose to \$2,738.58 million in August 2026 from \$2,642.91 million in the year-ago month, a 3.6 per cent growth year-on-year and 6 per cent up from July. On a sequential basis, LRS outflows rose from \$2,582.62 million in July 2026. Meanwhile, travel remained the largest component at \$1,630.26 million in August 2026, marginally up from \$1,618.81 million a year ago. It accounted for around 59% of total and grew by just about 1 per cent year-on-year but climbed 11.4 per cent from July's \$1,463.11 million.
