Dear Sir/Madam,

Subject: Submission of Newspaper Advertisement of Audited Annual Financial Results for the Quarter and Year ended March 31, 2026 - Regulation 47 of SEBI (LODR) Regulations, 2015

Dear Sir/Madam,

Pursuant to Regulation 47(1) read with Regulation 47(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find enclosed copies of the newspaper advertisements published by the Company on 15th May, 2026 regarding the Audited Annual Financial Results for the Quarter and Year ended March 31, 2026, which were approved by the Board of Directors at its meeting held on 14th May, 2026.

The said advertisements have been published in the following newspapers, as required under the SEBI LODR:

1. English Newspaper circulating in the whole or substantially the whole of India: *The Economic Times, Mint, Financial Express (All India)*
2. Regional Language Newspaper: *Divya Bhaskar*

You are requested to take the above on record.

Thanking you,

Yours faithfully,
For Gujarat Mineral Development Corporation Limited,

Joel Evans
Company Secretary.

United Spirits Logs 3% Rise in Sales in Q4

Our Bureau

Mumbai: United Spirits, India's biggest spirits maker reported 3.7% sales growth in the March quarter as policy changes in Maharashtra hurt demand for cheaper liquor brands

Consolidated net sales rose to ₹3,054 crore in the quarter end March, while profit after tax was ₹568 crore

The company controlled by Diageo, said Maharashtra's made liquor policy had a full adverse impact on its popular and lower prestige portfolio during the quarter; a 13.2% decline in sales in the popular segment. Total standalone volumes fell 5.6% to 15.7 million cases. Chief executive officer Praveen Seshwar said the company delivered a resilient fiscal year despite adverse state policies and expects Karnataka's new liquor policy and the proposed UK-India free trade agreement to aid premiumisation.

AMID PROLONGED IRAN-US-ISRAEL CONFLICT

Insurance Cos Widen War-Risk Cover in UAE

Roll out motor, cargo and travel add-ons as Iran conflict drags on

Dilasha Seth

Dubai: War-risk insurance, once largely confined to global shipping and aviation, is increasingly entering the UAE's retail and consumer market, with insurers rolling out dedicated protection for cars, cargo, travel, and business operations amid prolonged Iran-US-Israel conflict.

In a first for the UAE retail motor insurance market, Dubai-headquartered Sukoon Insurance (previously Oman Insurance Company) recently launched a 'Motor War Cover' add-on for comprehensive vehicle policyholders, offering protection of up to AED 5 million against

inst direct physical damage arising from war, strikes, terrorism, and riots within the UAE.

The move comes as the UAE bore the brunt of Iranian strikes on Gulf states, dealing with more than 500 missiles and 2,000 drones since February 28. As a result, war-risk insurance is transitioning from a highly specialised corporate insurance product into more accessible retail, SME and consumer oriented solutions. "This trend reflects a broader transformation in regional risk perception driven by geopolitical

tensions, supply-chain instability, disruption in global shipping corridors and growing uncertainty surrounding strategic waterways such as the Strait of Hormuz and the Red Sea," said Aftab Hasan, founder and chairman of Global Association of InsurTech Professionals (GAIP).

He said standard insurance policies exclude war-related losses unless separate riders or endorsements are purchased.

Orient Insurance on Thursday expanded its war-risk protection offering in the UAE, adding cover for cargo, personal vehicles, and residential units. The additional portfolio includes marine cargo cover for goods exposed to war-related risks during inland transit, and that for residential units for protection against property damage resulting from war-related events. In case of travel, insurance com-

panies such as Qatar Insurance Company (QIC) and Gulf Insurance Group (GIG) last week introduced new riders covering disruption owing to wars and geopolitical tension, which were otherwise excluded, people in the know said.

Insurance intermediary CoverB has also started marketing war risk insurance packages for businesses, covering financial losses due to operational disruption due to war, protection against physical damages, compensation for employees affected by conflict while at work, and protection against legal liabilities arising from contract breaches due to unforeseen conflict conditions.

Move comes as the UAE bore the brunt of Iranian strikes on Gulf states, dealing with more than 500 missiles and 2,000 drones since Feb 28

SINGAPORE AIRLINES PROFIT HIT BY 57% AI FY26 Losses Jump Over 2x

Forum Gandhi

Mumbai: Air India's losses more than doubled to ₹25,606 crore (S\$3,765.7) in FY26, according to results released on Friday by Singapore Airlines, which said mounting losses at the Tata Group-owned carrier dragged down its annual profit by 57% even as it reaffirmed commitment to its 25.1% stake in the airline.

Air India's total fiscal loss stands at S\$3,765.7 m, calculated at an average FY26 exchange rate of ₹68.5.

Air India did not offer a comment. According to sources, Air India's fiscal losses are driven by a ₹7,000-₹8,000 crore forex hit and ₹1,000-₹1,500 crore in labour compliance. However, the bulk of the bleed stems from external shocks: fuel-heavy detours from the Pakistani airspace closure and the severe financial aftermath of the Flight 171 bull loss has added another ₹4,000 crore to ₹5,000 crore.

Singapore Airlines said net profit fell to S\$1.18 billion for the year ended March 31, from S\$2.78 billion a year earlier, after booking a S\$945.2 million share of losses from Air India. The previous year's earnings were boosted by a one-time S\$1.1 billion accounting gain tied to the Air India-Vistara merger.

Faltering CPSEs to Face Strict Penalties

THE PARAMETERS CSR obligations, timely payments to MSMEs, succession plan

Appraisal Time

Points deducted for CSR lapses

Penalty for delayed MSME payments

Succession planning now part of appraisal

R&D, innovation spending mandatory for import-reliant CPSEs

Phased import reduction targets set

Anuradha Shukla

New Delhi: The Centre has tightened annual performance norms for central public sector enterprises (CPSEs), with strict penalties for failing to meet corporate social responsibility (CSR) obligations, delaying payments to micro, small and medium enterprises (MSMEs) or falling short of preparing a succession plan.

guidelines to the CPSEs in the first week of this month.

The parameters were set by a high-powered committee chaired by the cabinet secretary which had officials from Niti Aayog, chairperson of the public enterprise selection board, and secretaries from the finance ministry as its members.

"The new parameters are aligned with the vision of Atmanirbhar Bharat, supporting small enterprises and strong corporate governance," said an official.

Going forward, any deviation from mandatory CSR activities or MSME procurement rules will result in full deduction of marks assigned to these performance parameters, according to the new parameters to assess the annual performance of each CPSE for FY27. These parameters are fixed annually.

The move is aimed at signalling a stronger push for accountability and timely support to small businesses, officials said.

The Centre circulated the

CPSEs are mandated to disclose the number and amount of bills pending and paid during a financial year in their annual reports and failure to report will attract penalty of full marks.

CPSEs will also be assessed on research and development and innovation initiatives. This parameter will be mandatory for all CPSEs that rely on imports to foster a culture of innovation and technological advancement.

Amazon Puts Alexa in its Search Bar

NEW YORK: AI algorithms are coming to some of the most valuable real estate in retail: Amazon.com search bar. Queries typed into Amazon's website and mobile app will soon reply, depending on the context, with product comparisons or suggestions generated by AI large language models, the online retailer said on Thursday. The new tool—called Alexa for Shopping—supplants Rufus, the shopping assistant bot that summarised product reviews and suggested purchases. To invoke Rufus, users had to click a blue and orange icon. The new search experience will appear from this week for users in the US. —Bloomberg

12% Expected fall in India's smartphone shipments due to rising memory cost, according to CMR

OpenAI: No User Data Breached in Security Issue

WASHINGTON: OpenAI said that it found no evidence that its user data was accessed after a security issue involving a supply-chain attack on Tan-Stack, an open-source library. The ChatGPT-maker said it found no evidence that its production systems or intellectual property were compromised, or that their software was altered. Two employee devices in its corporate environment were impacted after Tan-Stack got compromised this week. Limited credential material was exfiltrated from these code repositories, it said. —Reuters

After Mass Layoffs, Oracle Pulls Campus Offers at IITs & NITs

Anxious students now scrambling for alternative opportunities in the fag end of placement season

Sreeratha Basu & Prachi Verma

Bengaluru | New Delhi: US technology company Oracle has revoked dozens of job offers made to students at premier engineering colleges including Indian Institutes of Technology and National Institutes of Technology.

The development, coming after recent mass layoffs at the company—one of the global leaders in enterprise software—aggravates concerns at a time when the placement season is nearing its end and hiring in the technology sector remains slow.

According to placement cells at several institutes, multiple offers for both full-time employees (FTEs) from the Class of 2026 as well as summer interns have been revoked by Oracle at IIT-Delhi, IIT-Kanpur, IIT-Kharagpur, IIT-Guwahati, IIT-Madras, IIT-BHU, IIT-Hyderabad, NIT-Warangal and MNIT-Allahabad, among others. An affected student, Aditya Kumar Barawal, who took to LinkedIn to voice his concerns, cited "internal restructuring and headcount-related challenges" for Oracle's decision.

Oracle had hired heavily, making up to 25-35 offers on some campuses for FTEs and summer interns. While the number of offers revoked range between two and five at each of the colleges ET spoke to, the sudden withdrawals have led to anxiety among students who are now scrambling for

alternative opportunities in the fag end of the placement season. More than 50 offers are likely to have been revoked, estimated campus sources.

Oracle did not reply to an email seeking comment till the time of going to press Thursday.

Placement committees and alumni are prioritising support for affected candidates, who are also taking to social media for help.

According to placement officials, Oracle recruits for application developer and server technology roles and usually gets prime hiring slots that are reserved for key recruiters during campus placements.

Placement cells said while this issue will be taken up, the first priority right now is to get alternative jobs for students who have lost out.

"In total, IIT-Guwahati received more than 10 offers and the company has revoked four of these. According to All IITs Placement Committee (AIPC) guidelines, a company that rescinds offers usually pays three months' salaries to students as compensation. We are in talks with the company to related consider," said John Jose, head of the Centre for Career Development at IIT-Guwahati and also the Convener of AIPC.

Oracle, he said, has been one of the leading recruiters at the IITs.

"As campus placement drives for the year are almost over, getting new jobs of matching profiles is difficult for these students who are impacted," he added.

ET Insight

Oracle's move puts students in a double bind as they were forced to sit out of other high-paying recruitment rounds after accepting the Day 1 offer. Many now face a slow job market with limited backup options

Oracle hired heavily, making up to 25-35 offers on some campuses for FTEs and summer interns

MeitY to Revamp IT Hardware PLI Later this Year, Say Officials

Plans to add AI servers under PLI to counter rising GPU prices: Officials

Subhayan Chakraborty

New Delhi: The ₹17,000 crore production linked incentive (PLI) scheme for information technology (IT) hardware may be modified in late FY27 (2026-27), after major disbursements kick off and component manufacturing rises, officials told ET. Artificial intelligence (AI) servers and other AI-linked hardware products are slated to be extended coverage under the scheme then, they said.

"The incentive payout under the IT Hardware PLI 2.0 is expected to significantly rise in the second half of FY27, from just ₹2 crore so far. Claims will rise this year as 80% of the participants had chosen FY25 as the first year of production, and their claims will begin clearing. Subsequently, the progress of the scheme will be assessed, and any required modifications put in place," an official with the Ministry of Electronics and Information Technology (MeitY) said.

The first PLI scheme for IT hardware was notified in 2021, while the second iteration currently in place was notified in 2023 to create a robust domestic manufacturing ecosystem for hardware

including laptops, tablets, PCs and servers. The 27 approved applicants for the PLI Scheme 2.0 for IT Hardware includes global tech giants like Dell, HP, Foxconn, Lenovo and Asus, as well as domestic contract manufacturers Dixon Technologies, Sahasra Electronic Solutions, Keynes Electronics, and Syrma SGS Technology.

Companies file claims based on the incremental sales over the base year they have chosen.

Most global giants had opted for FY25 as the first year, to ensure enough time for transitioning supply chains from China and South East Asia.

Officials said the Finance Ministry will also review the scheme later this year, once disbursements kick in. Meanwhile, the local manufacturing of electronic components like printed circuit boards (PCBs) expanding by this year-end is expected to have an amplifying effect on production of items covered under the scheme.

EYES ON AI SERVERS

While the six year long scheme will run till FY29 or FY31 for different participants, the need to establish domestic AI servers manufacturing has necessitated a revamp. AI servers are high-performance computing systems specifically designed to handle the massive computational demands of AI workloads, such as training Large Language Models (LLMs) and running real-time inference.

Intel-AMD Veterans' Agrani Labs Scouts for \$100m to Build AI Chip

Eyes one of the largest series-A at a likely value of \$500m to build Nvidia software stack compatible chips

Swathi Moorthy

Bengaluru: Agrani Labs, a semiconductor startup by four former Intel and AMD veterans, is looking to raise one of the largest Series A rounds at \$100 million to build AI inference chips that are compatible with Nvidia's software stack CUDA, according to four people aware of the discussions.

The firm is in early talks with Qualcomm, the US-based VC firm Battery Ventures and also government for potential investment opportunities, one of the sources cited above said. Peak XV, its existing investor, is likely to put in \$20 million for the round on a pro-rata basis, two sources told ET. While the com-

pany is yet to finalise the valuations as the talks are still early, industry experts pegged that the firm is looking at \$400-500 million.

Qualcomm, Battery Ventures, Peak XV and Agrani Labs did not respond to ET queries till press time.

Agrani Labs was started by four former Intel and AMD executives Dheemanth Nagaraj, Ashok Jagannathan, Srikanth Nimmagadda, and Rajesh Vivekanandham in 2025. The firm raised \$15 million at a \$36 million from Peak XV valuation last year. The company will compete with the likes of SambaNova Systems and Groq, which are based in the US.

If this investment goes through, this will be one of the largest Series A rounds in the Indian startup land-

scape, and the largest semiconductor startup ecosystem has seen in a single round. The company will use the funding for research and development, manufacturing, and engineering costs.

Globally, AI-focused hardware and semiconductor startups such as Cerebras, SambaNova Systems and Groq have raised over \$1 billion each in funding. India, which is seeing an influx of startups in the semiconductor sector since the AI wave began in early 2023, is still nascent with companies raising between \$10-15 million in Series A. One of the biggest challenges for hardware startups competing with Nvidia's software stack, CUDA, which allows developers to build programmes to interact with the

graphic processing units (GPUs). According to media reports, there are about 5 million CUDA developers globally.

An investor, who is aware of the conversations, said that what the company is trying to achieve is ambitious, given Nvidia's market dominance and intense global competition. "However, Agrani Labs is not going head-on with Nvidia's CUDA but building hardware that is compatible, which makes a lot of sense," the investor cited above pointed out.

This interest is also coming at the back of the evolving semiconductor ecosystem in India. A deep tech investor, on the condition of anonymity, told ET that there is more conviction around this theme with the government stepping in.

Uber Will Add 2 More India Tech Centres: CEO

Disha Acharya

Bengaluru: Uber will be opening a technology centre each in Bengaluru and Hyderabad by December 2027, chief executive Dara Khosrowshahi said Thursday.

The 1.1 million sq ft Bengaluru facility will have 5,000 seats while the Hyderabad centre will accommodate 4,600 employees across 901,115 sq ft.

The announcement during an employee town hall at Uber's Bengaluru office comes a day after Khosrowshahi announced a partnership with the Adani Group to set up the ride-hailing company's first data centre in India.

Khosrowshahi met finance minister Nirmala Sitharaman in New Delhi earlier this week and also visited Uber's Hyderabad office on Wednesday.

D2C Cos Feel the Pinch as Users Cut Spends

Firms brace for impact as consumer spending projected to drop 5-6% over the next 3 months

Disha Acharya & Tanishka Dubey

Bengaluru | Mumbai: Rising input costs, including raw materials and packing items, from the West Asia conflict along with demand concerns are squeezing smaller brands from both ends. Direct-to-consumer (D2C) brands are bracing for a difficult stretch ahead, with consumer spending projected to drop 5-6% over the next three months, analysts told ET. Over the past few months, brands across

snacks, beverages, fashion and perfume experienced the input cost hikes in phases. After packaging costs for aluminium cans for soft drinks to glass perfume bottles surged 25-30% across consumer segments, now local logistics is expected to be under pressure with rising fuel prices. Large conglomerates and fast moving consumer goods (FMCG) companies like Hindustan Unilever Limited (HUL) announcing product price hike by 8-10% and rupee plummeting to fresh lows is likely to push consumers to pull back on discretionary spending in the upcoming months.

"When consumers start to downgrade, the story around premiumisation will be a bit of a shock. On a quarterly basis, we could see a 5-6% drop in consumer spending," said Arvind Sing-

hal, chairman at The Knowledge Company, A Gurgaon-based management consulting firm.

Brands across snacks, supplements, clothing, accessories and more have started to feel the heat and the coming quarter could make things considerably harder for those who need continuous working capital flow, per experts.

"Brands with strong funding support and better gross margins can navigate a weak demand environment for a few quarters, while cash-burning players with limited balance sheet flexibility could face pressure," said Sandeep Abhang, research analyst, LKP Securities, a Mumbai-based brokerage firm.

Founders said that the shift in consumer behaviour is showing up in order patterns in the re-

cent weeks.

Sujata Biswas, cofounder of ethnic wear brand Suta, said buyers are pulling back in the offline stores. "The growth has definitely fallen. Average order value (AOV) has reduced, which means that people who used to buy two or three pieces are only buying one," she said.

For Suta, offline footfall, already dented by the summer heat, has fallen around 10% in April compared to March 2026. Deepak Gupta, cofounder of premium grooming brand Bombay Shaving Company, said the company is beginning to see early signs of consumers becoming more cautious. Customers are prioritising essential purchases while discretionary spending has slowed, indicating a broader trend of people choosing to save more rather than spend on non-essential items.

Roche Brings 7-Minute Lung Cancer Shot to India

Teena Thacker

New Delhi: Roche Pharma India has launched the country's first injectable immunotherapy for lung cancer, allowing patients to receive the treatment in about seven minutes instead of intravenous infusions that can stretch for hours, potentially reducing long hospital visits for thousands of patients.

The Drugs Controller General of India (DCGI) has approved subcutaneous Tecentriq (atezolizumab) for adjuvant and metastatic non-small cell lung cancer (NSCLC). The medicine is available at an MRP of about ₹3.7 lakh per dose.

The much shorter administration time compared to conventional treatment will help reduce patient and caregiver burden significantly at

The medicine is available at an MRP of about ₹3.7 lakh per dose

overcrowded cancer centres across the country, said Sivalaban Sivanesan, chief medical officer at Roche Pharma India. Lung cancer is among the top three causes of cancer-related deaths in India, with nearly 80,000 patients diagnosed annually.

At present, patients typically spend at least five hours in hospital per visit for treatment, with repeated trips every three weeks, preceded by blood tests and fitness checks. "You're talking about a frail, already symptom-heavy patient now having to go through the burden physically and emotionally of being in the hospital," Sivanesan said.

CONCORD CONTROL SYSTEMS LIMITED

Enhancing Indian Railways' efficiency & connectivity with innovative solutions.

Concord Control Systems Ltd: Driving Growth in Railway Technology

Concord Control Systems Ltd is a manufacturing and supply of Coach related and Electrification products for Indian Railways and other Railway Contractors. It has transformed into a deep research backed railway solutions and technology player who understands on ground railway problems, earning widespread recognition for its reliability, safety, and superior quality across the nation's rail network. Concord plays a pivotal role in supporting Indian Railways' modernization efforts and infrastructure enhancements. The company works closely with important organisations like RDSO, CLW, and ICF to bring in modern technology and smart systems. It is into KAVACH business through Progota India Private Limited and High Value Flex PCB Segment through Fusion Electronics Private Limited.

Blackstone REIT Raises \$1.75B to Buy Data Centres

New York: Blackstone raised \$1.75 billion through the initial public offering of Blackstone Digital Infrastructure Trust, underscoring strong investor appetite for artificial intelligence infrastructure assets. The Blackstone-backed real estate investment trust (REIT), focused on acquiring data centers benefiting from the AI boom, sold 87.5 million shares at \$20 apiece, according to a statement on Wednesday.

The vehicle plans to acquire already-built and leased data centers valued between \$250 million and \$1.5 billion that are rented to investment-grade hyperscalers, company filings showed. The IPO reflects two major priorities for the \$1.3 trillion alternative asset manager: expanding its presence in AI infrastructure and broadening access to individual investors beyond traditional institutional clients such as pension funds and endowments. "With an estimated \$1 trillion total addressable stabilized data center market

data, as the company has not yet acquired any data center assets. Investors in the offering will receive bonus shares equal to 1% of their purchase, rounded down to the nearest whole share, filings showed. An affiliate of Blackstone had also indicated interest in purchasing up to \$200 million worth of shares in the REIT. Blackstone Digital Infrastructure Trust will be externally managed by a Blackstone affiliate in exchange for management and incentive fees. It will also receive priority access for 24 months to yield-oriented, stabilized and long-duration turnkey data-center acquisition opportunities sourced by Blackstone. The IPO was led by a group of banks including Goldman Sachs, Citigroup, Morgan Stanley, Barclays, Bank of America, Deutsche Bank, JPMorgan Chase, Royal Bank of Canada and Wells Fargo. The shares are expected to begin trading on the New York Stock Exchange on Thursday under the ticker symbol BXDC. **Bloomberg**

expected over the next five years, we believe the industry represents a substantial investment opportunity," the company said in earlier filings. The listing is the largest-ever IPO of a blind-pool REIT, according to Bloomberg

Delhi CM Announces No-Vehicle Day, 2-day WFH for Govt Offices

Ministers and officials to use Metro on Mondays under Delhi's 90-day fuel-saving campaign

New Delhi: Rekha Gupta on Thursday announced a series of fuel-saving measures for the national capital, including work-from-home provisions for government offices, mandatory Metro travel by ministers and officials every Monday, and a voluntary weekly 'no-vehicle day'.

The measures are part of a three-month public campaign titled "Mera Bharat, Mera Yogan", aimed at promoting fuel conservation and prudent spending following Prime Minister Narendra Modi's appeal amid global uncertainty over crude oil and gas supplies. Addressing a press conference along with Cabinet colleagues, Gupta said all Delhi government offices would implement work-from-home for two days a week. The private sector would also be encouraged to adopt similar practices.

She said ministers, officers, employees and she herself would commute by Metro every Monday, while citizens would be urged to voluntarily observe one 'no-vehicle day' each week.

The government will also reduce the petrol and diesel quota for official vehicles by 20%, lowering the current monthly limits from 250 litres to 200 litres for petrol vehicles and from 200 litres to 160 litres for diesel vehicles.

At the same time, travel allowance for government employees will be increased by 10% to encourage the use of public transport.

Gupta also announced that all official foreign trips by ministers and officers would be cancelled for one year, while no major government events would be organised over the next three months. —PTI

Legacy TV Operators, Streaming Platforms Clash Over FAST Rules

Cable operators seek parity rules as tech firms oppose broadcast-style curbs on internet TV services

Javed Farooqi

Mumbai: India's legacy television distributors and new-age digital companies are locked in a regulatory battle over whether Free Ad-Supported Streaming Television (FAST) and Application-based Linear Television Distribution (ALTD) services should be treated like traditional television platforms, according to submissions made to the Telecom Regulatory Authority of India (Trai).

The consultation was initiated after the Ministry of Information and Broadcas-

sought Trai's recommendations in December 2025 on framing a regulatory framework for FAST services amid concerns raised by traditional cable and DTH operators over unregulated internet-delivered linear television platforms.

The move comes amid a sharp decline in India's pay TV subscriber base, with viewers increasingly cutting the cord and shifting to digital streaming platforms such as OTT and FAST services.

At the heart of the debate is whether internet-delivered linear TV channels should be regulated like traditional broadcasting distribution platforms.

Legacy distribution players including cable and DTH operators argued that FAST and ALTD platforms distribute television-like linear channels without complying with licensing, tariff, interconnection and content obligations applicable to traditional distribution platform operators.

Bharti Telemedia, the DTH arm of Bharti Airtel, said it prefers regulatory forbearance for all registered distribution platforms to ensure a level playing field between legacy and new-age operators. However, if cable and DTH operators continue to remain regulated, the company said the principle of "same content, same rules" should apply uniformly, including to ALTD providers.

The All India Digital Cable Federation (AIDCF) argued that FAST services violate uplinking and downlinking norms by broadcasting through internet-based applications and said some content available on such platforms could pose risks to the country's sovereignty and security.

Traditional stakeholders also backed mandatory carriage obligations, sports signal-sharing requirements with Prasar Bharati and platform-neutral pricing rules. In contrast, internet and technology companies opposed bringing FAST and ALTD services under legacy broadcasting or telecom-style regulation.

Roche Brings 7-Minute Lung Cancer Shot to India

Teena Thacker

New Delhi: Roche Pharma India has launched the country's first injectable immunotherapy for lung cancer, allowing patients to receive the treatment in about seven minutes instead of intravenous infusions that can stretch for hours, potentially reducing long hospital visits for thousands of patients.

The Drugs Controller General of India (DCGI) has approved subcutaneous Tecentriq (atezolizumab) for adjuvant and metastatic non-small cell lung cancer (NSCLC). The medicine is available at an MRP of about ₹3.7 lakh per dose.

The much shorter administration time compared to conventional treatment will help reduce patient and caregiver burden significantly at

The medicine is available at an MRP of about ₹3.7 lakh per dose

overcrowded cancer centres across the country, said Sivalaban Sivanesan, chief medical officer at Roche Pharma India. Lung cancer is among the top three causes of cancer-related deaths in India, with nearly 80,000 patients diagnosed annually.

At present, patients typically spend at least five hours in hospital per visit for treatment, with repeated trips every three weeks, preceded by blood tests and fitness checks. "You're talking about a frail, already symptom-heavy patient now having to go through the burden physically and emotionally of being in the hospital," Sivanesan said.

WRONG CODES, MULTIPLE PANs USED TO DODGE RULE

As Rupee Dips, I-T Steps Up Vigil on Shady Outflows

Rashmi Rajput & Sugata Ghosh

Mumbai: Amid the state's moral suasion to discourage gold purchase and destination wedding, India's tax authorities are dealing with a slew of shady overseas outflows through banks and cryptocurrency wallets. In several cases funds were sent to individuals in Thailand, which has become a money-laundering hub.

According to information received by the Income tax (I-T) department under the agreement with Thailand, the purpose code (S0305) meant for 'overseas education' was used to mislead banks and money transfer operators to move funds to Thailand.

In multiple cases, individuals have used dozens of fake permanent account numbers (PANs) with the same name but different addresses and dates of birth to trans-

fer money under RBI's liberalised remittance scheme (LRS) which bars a resident from spending and investing more than \$250,000 a year abroad. Wrong code and incorrect PANs helped to bypass the LRS limit and obfuscate money trail.

"We have stepped up vigilance to stop such irregular outflows—all the more in the current situation with the rupee under pressure," a senior tax official told ET. "One person used 47 PANs, another had 27. There are several such cases," he said. Certain transactions were traced to many UPI IDs which in turn were linked to gaming websites in Curacao, Malta and Cyprus. "These are clear red flags. Form A2 is mandatory for all LRS remittances, whether routed through online banking or branches. For the education purpose code, banks typically require documents like the admission letter and college invoice. Thailand is

not a conventional destination for Indian students," said Harshal Bhuta, partner at the CA firm P.R. Bhuta & Co, specialising in international tax and FEMA.

Since the Covid outbreak and China's crackdown on cryptos, many Chinese crypto traders have migrated to Thailand. There have been arrest warrants issued to persons involved in crypto scam networks along the Thai-Cambodia border.

Emanating from cities in Rajasthan, there were transactions of routing of proceeds from cyber-crime and sale of cryptos of unknown origin to Thailand.

The department also stumbled upon a banned online adult content platform, operating through various URLs, paying content creators in India in cryptos. Indian retail subscribers to these sites paid to mule accounts to purchase tokens for accessing content.

CONCORD
CONTROL SYSTEMS LIMITED

Enhancing Indian Railways' efficiency & connectivity with innovative solutions.

Concord Control Systems Ltd: Driving Growth in Railway Technology

Concord Control Systems Ltd is a manufacturing and supply of Coach related and Electrification products for Indian Railways and other Railway Contractors. It has transformed into a deep research backed railway solutions and technology player who understands on ground railway problems, earning widespread recognition for its reliability, safety, and superior quality across the nation's rail network. Concord plays a pivotal role in supporting Indian Railways' modernization efforts and infrastructure enhancements. The company works closely with important organisations like RDSO, CLW, and ICF to bring in modern technology and smart systems. It is into KAVACH business through Progota India Private Limited and High Value Flex PCB Segment through Fusion Electronics Private Limited.

AMID MOVE TO BAN SUGAR EXPORTS

No Sugar Coating It: Mills may Face Liquidity Crunch

Buffer to help with local demand; mill owners may struggle with cane payment timeline in Maha, K'taka

Jayashree Bhosale

Pune: The move to ban sugar exports amid rising concerns of El Niño is expected to make additional 4-5 lakh tonnes of sugar or 1.7% of India's annual sugar requirements available for domestic consumption.

The additional sugar is expected to increase the buffer stock for next year helping ease domestic availability in case sugar production of 2026-27 gets adversely affected by El Niño.

However, the sudden break on exports is likely to impact liquidity of the sugar mill owners in the short term, all of whom export through their respective quotas. "This decision was anticipated as the government had not approved quotas of sugar mills that were swapped with other mills or exporters," said Praful Vithlani, chairman, Jagjivan Keshavji and Company, a sugar trading company.

India's ban on sugar exports could also hurt liquidity of sugar mills in the short term just as producers face high cane payment schedules in Maharashtra and Karnataka, even though overseas demand for Indian supplies surged in recent weeks.

Asian and Middle Eastern buyers increasingly shifted to India from April because longer shipping times from Brazil disrupted deliveries, helping India contract exports of about 3 lakh tonnes in the last 45 days alone, compared with 5.5 lakh tonnes shipped during October-March.

ADVANTAGE INDIA

Asian and ME buyers increasingly shifted to India from April because longer shipping times from Brazil disrupted deliveries

On Wednesday evening, the central government placed sugar exports under the prohibited category with immediate effect until September 30.

"Exports help mills liquidate stocks and ensure timely payments to farmers. The export ban will affect the liquidity of sugar mills in Maharashtra and Karnataka," said Atul Chaturvedi, non-executive director, Shree Renuka Sugars.

Industry observers said the ban was

because sugar prices had already started inching up since the final sugar production for the 2025-26 season was much lower than original estimates.

"A sizable quantity of sugar already in transit or lying at ports may be redirected to the domestic market, likely at discounted realisations. Export advances extended by traders and exporters to mills also come under pressure as execution economics collapse overnight," said Kapil Nema, a sugar industry expert.

Diversion of export-bound sugar to domestic markets may exert short-term pressure on prices until the supply chain and inventory pipeline absorb this disruption, said Nema, adding, "Although the ban has created a near-term oversupply psychology, the weather risks create medium-term production uncertainty."

India had allowed exports of 15 lakh tonnes of sugar in November and another 5 lakh tonnes in February.

About 6.5 lakh tonnes of sugar is expected to have been physically dispatched, while about 50,000 tonnes is lying at ports.

Exporters said there is no legal clarity regarding 2-2.5 lakh tonnes of export contracts signed during the last 45 days. Industry body Indian Sugar and Bio-energy Manufacturers' Association (ISMA) said permitting execution of already concluded contracts may help facilitate orderly trade settlements.

Two India-bound Ships Carrying Cooking Gas Cross Hormuz Strait

Our Bureau

New Delhi: Two India-bound ships carrying cooking gas crossed the Hormuz Strait over Wednesday and Thursday, said Mukesh Mangal, additional secretary, Ministry of Ports, Shipping, and Waterways. These are expected to reach India coming Saturday and Monday.

ified petroleum gas (LPG) carrier and Marshall Islands-flagged vessel, carrying 19,965 tonnes of cargo for India crossed the Hormuz on May 13. It has 21 foreign crew members onboard and is expected to arrive at Kandla (Gujarat) on May 16. NV SUNSHINE, a Vietnam-flagged LPG carrier, carrying 46,427 tonnes of LPG cargo for India, with 24 foreign crew members onboard, safely crossed the Hormuz Strait on May 14, and is expected to arrive at New Mangalore on May 18.

The two LPG vessels sailing under foreign flags expected to arrive in India on Saturday and Monday

According to Mangal, the Haji Ali, an Indian flagged mechanised sailing vessel (MSV) sunk in early hours of May 13 after being attacked. It was a wooden dhow sailing from Somalia to Sharjah, United Arab Emirates (UAE).

"They (dhows) are carrying cargo and not as regulated as the big vessels," Mangal said, adding he was not aware if Directorate General of Shipping was coordinating movement of the affected vessel.

He said all 14 crew members onboard the Haji Ali were rescued by the Omani Coast Guard and have reached Diba Port, Oman.

Mangal said SYMI, a lique-

Gold Imports under Advance Authorisation Capped at 100 kg

New Delhi: A day after significantly increasing the import duty on precious metals, the government on Thursday imposed a limit of 100 kg on gold imports under the Advance Authorisation scheme, which allows jewellery exporters to import raw or input materials at zero duty. The government has tightened conditions for the issuance and monitoring of advance authorisation for import of gold. Earlier, there was no limit on gold imports under the scheme. This scheme allows the duty-free import of inputs that are incorporated into an export product. In addition to any inputs, packaging material, fuel, oil, and catalyst that are consumed or utilised in the process of production of export product, are also allowed. PTI

Sweetener Shares Run into a Sour Patch

Our Bureau

Mumbai: Shares of sugar producers fell Thursday after the Centre prohibited exports of the sweetener. However, analysts remain positive on the sector's medium-to-long-term potential, despite short-term pains due to the shipment curbs.

Dhampur Sugar Mills, Dalmia Bharat Sugar & Industries, Bajaj Hindusthan Sugar, Shree Renuka Sugars, Godavari Bio-refineries, Balrampur Chini Mills, Triveni Engineering & Industries, and EID Parry declined 1-7% on Thursday, while the benchmark BSE 500 gained more than 1%.

Gaurav Sharma, head of research, Globe Capital

Company	CMP (₹)	Day's Change(%)	YTD Change(%)
Dhampur Sugar Mills	143.65	-6.7	16.5
Dalmia Bharat Sugar & Industries	345.35	-5.9	15.5
Bajaj Hindusthan Sugar	17.79	-5.2	-4.0
Shree Renuka Sugars	24.28	-2.4	-7.2
Godavari Bio-refineries	296.64	-2.2	6.5
Balrampur Chini Mills	540.35	-1.6	21.5
Triveni Engineering & Industries	382.5	-1.6	-2.0
EID Parry	796.4	-1.1	-23.1
Bannari Amman Sugars	3739.85	-0.3	4.6
Avadh Sugar & Energy	486.2	0.4	31.6

Market, said the government's pause on sugar exports is driven by a recent rise in domestic sugar prices amid lower sugarcane yields in Maharashtra and Karnataka, alongside likely threat to crop shrinkage due to the El Niño this year. "However, most sugar mills have continued to expand capacity to support the government's 20% ethanol blending targets. This will

lead to less sugar production going forward but would support production and sales despite the export restrictions," he said.

The ban is a near-term overhang for sugar stocks, rather than a long-term concern, Sharma said.

Performance of these sugar producers has been mixed in 2026. Among the top ten sugar companies by market capitalisation, Avadh Sugar & Energy, Balrampur Chini Mills, Dhampur Sugar Mills, Dalmia Bharat Sugar & Industries, Godavari Bio-refineries and Bannari Amman Sugars are up 5-31% this year, while Triveni Engineering & Industries, Bajaj Hindusthan Sugar, Shree Renuka Sugars and EID Parry are down 2-23% in 2026.

SHARING GROWTH TO ENRICH LIVES

Across Gujarat and Odisha, GMDC is widening its mineral footprint from lignite and coal to rare earths, copper and blue hydrogen. But the truer measure lives above ground. In the communities around our mines, in the industries our minerals power, in a nation steadily building its own resource backbone.

WRONG CODES, MULTIPLE PANs USED TO DODGE RULE

As Rupee Dips, I-T Steps Up Vigil on Shady Outflows

Rashmi Rajput & Sugata Ghosh

Mumbai: Amid the state's moral suasion to discourage gold purchase and destination wedding, India's tax authorities are dealing with a slew of shady overseas outflows through banks and cryptocurrency wallets. In several cases funds were sent to individuals in Thailand, which has become a money-laundering hub.

According to information received by the Income tax (I-T) department under the agreement with Thailand, the purpose code (S0305) meant for 'overseas education' was used to mislead banks and money transfer operators to move funds to Thailand.

In multiple cases, individuals have used dozens of fake permanent account numbers (PANs) with the same name but different addresses and dates of birth to trans-

fer money under RBI's liberalised remittance scheme (LRS) which bars a resident from spending and investing more than ₹250,000 a year abroad. Wrong code and incorrect PANs helped to bypass the LRS limit and obfuscate money trail.

"We have stepped up vigilance to stop such irregular outflows—all the more in the current situation with the rupee under pressure," a senior tax official told ET. "One person used 47 PANs, another had 27. There are several such cases," he said. Certain transactions were traced to many UPI IDs which in turn were linked to gaming websites in Curacao, Malta and Cyprus. "These are clear red flags. Form A2 is mandatory for all LRS remittances, whether routed through online banking or branches. For the education purpose code, banks typically require documents like the admission letter and college invoice. Thailand is

not a conventional destination for Indian students," said Harshal Bhuta, partner at the CA firm P.R. Bhuta & Co, specialising in international tax and FEMA.

Since the Covid outbreak and China's crackdown on cryptos, many Chinese crypto traders have migrated to Thailand. There have been arrest warrants issued to persons involved in crypto scam networks along the Thai-Cambodia border.

Emanating from cities in Rajasthan, there were transactions of routing of proceeds from cyber-crime and sale of cryptos of unknown origin to Thailand.

The department also stumbled upon a banned online adult content platform, operating through various URLs, paying content creators in India in cryptos. Indian retail subscribers to these sites paid to mule accounts to purchase tokens for accessing content.

Inox Clean Acquires Assets of US Co Boviet Solar for \$750 m

Our Bureau

New Delhi: Inox Clean Energy has acquired US-based Boviet Solar's assets for an enterprise value of \$750 million (\$7,178 crore), marking one of the largest deals in the US renewable sector.

The assets acquired include solar module and cell manufacturing units in Greenville, North Carolina, giving the Indian company a foothold in the key US market, where energy consumption is rising, fuelled by an AI boom and mushrooming of data centres, Inox Clean said in a statement. These units have a combined 6 gigawatts of solar module and cell manufacturing capacity.

Boviet Solar's ultimate parent company is Shanghai-listed Ningbo Boory Alloy, a maker of alloys for top EV makers such as BYD, having annual revenues of around \$2.6 billion.

"Covert is an inherent part of our business, and with the United States witness-

Inox Clean may Buy Out Boviet at \$750m Enterprise Value

Solar co to help boost US presence

New Delhi: Inox Clean Energy has acquired US-based Boviet Solar's assets for an enterprise value of \$750 million (\$7,178 crore), marking one of the largest deals in the US renewable sector.

ET first reported the deal discussions on April 23

Made in America, For America," said Devesh Jain, INOX's executive director. ET first reported the deal discussions on 25 April.

Boviet Solar initiated a divestment of its US solar manufacturing business two months ago, engaging JP Morgan as an advisor for the sale process.

Chinese-origin renewable energy equipment manufacturers are exiting the US market as they fall under the foreign entity concern (FEC) list, which deprives them from obtaining tax credits which manufacturers from other countries would usually be able to obtain.

The FEC rules have been tightened under the Trump administration. Companies from Russia, Iran, and North Korea are also on this list.

The acquisition will be routed through Inox Solar Americas LLC. "The asset purchase also unlocks significant economic advantages under the US government's domestic manufacturing push," Inox Clean said.

ing strong and accelerating demand for power—driven by structural shifts such as AI adoption, data centre expansion, electrification, and industrial growth—this is an opportune moment for Inox Clean to

Adani Enters Hospitality Business, Ties Up with IHG to Build 5 Hotels

Our Bureau

Mumbai: Adani Airport (AAHL) and IHG Hotels & Resorts have signed a five-year management agreement to develop nearly 1,500 rooms across key airport-linked and urban destinations in India, marking formal entry of Adani Enterprises in the hospitality sector. It also marks a significant expansion of hospitality infrastructure aligned with the country's growing aviation and tourism sectors.

The agreement includes properties across Jaipur, Navi Mumbai, Mangaluru and Thiruvananthapuram, integrating a mix of IHG brands within Adani's airport-led mixed-use developments. The portfolio will feature a Kimpton hotel in Jaipur, alongside Holiday Inn and Holiday Inn Express properties in other locations.

Price Volatility Likely

From Page 1

The stock estimate includes cargoes loaded on India-bound ships, said Sujata Sharma, joint secretary in the petroleum ministry on Thursday. It also includes pipeline stocks.

India's crude imports averaged 4.5 million barrels per day (mbd) in the past two and a half months, declining from the pre-war level of 5 mbd, said Nikhil Dubey, lead analyst, refining, at Kpler. "However, refinery run rates have not declined proportionally with the drop in imports, suggesting that part of the supply gap is currently being met through inventory drawdowns, most likely from refinery storage tanks."

The current drawdown in inventories is "moderate", said Dubey.

The drawdown could have been larger had Nayara Energy not undertaken a maintenance shutdown at its 400,000 barrels-per-day refinery in Gujarat in April, according to an industry executive.

"With near-term prospects for a reopening (of the Strait of Hormuz) appearing increasingly uncertain, India cannot continue relying on inventory drawdowns indefinitely," said Dubey. He warned that refi-

neries may eventually need to reduce run rates in line with lower oil supplies. "This could also explain why the Prime Minister has recently called for fuel conservation efforts," he said.

Global oil inventories fell by 129 million barrels in March, and by a further 117 million barrels in April, according to the International Energy Agency (IEA). "With global oil inventories already drawing at a record clip, further price volatility appears likely ahead of the peak summer demand period," the IEA warned Wednesday.

The near closure of the Strait of Hormuz has cut oil output from the Gulf by 14.4 mbd below pre-war levels. This has severely hit global oil supply, which declined by a further 1.8 mbd in April to 95.1 mbd, taking total losses since February to 12.8 mbd.

Venugopal: I accept party high command's decision

Continued from P1

V D Satheesan being offered sweets by party workers in Thiruvananthapuram, Thursday

V D Satheesan said his elevation was a "massive responsibility" and that he could move forward only with the collective support of the UDF leadership and workers. He also acknowledged the support and guidance of Venugopal and Ramesh Chennithala, the other contenders in the prolonged CM race, in shaping his political career.

Venugopal accepted the party's decision, but Ramesh expressed strong displeasure at being overlooked. He reportedly conveyed his protest directly to Congress MP Rahul Gandhi and stayed away from the Congress Legislature Party meeting convened to formally elect Satheesan as CLP leader.

Sources said he also informed the party leadership that he did not wish to be part of the new cabinet. Ramesh

gave a letter of support for the party's decision to KPCC president Sunny Joseph and left Thiruvananthapuram.

Venugopal told reporters in New Delhi that he wholeheartedly congratulated the CM-designate. "I humbly accept the party high command's decision and will work to implement it. I am a loyal Congressman. For me the party is everything. I don't want an image at the cost of the party. I want to be shrouded in the party flag and will give all support to the govt in Kerala," he said.

Woman helps boyfriend loot ₹1.2cr from dad's house

A 21-year-old woman allegedly masterminded an armed robbery at her father's house in Moradabad, with the help of her boyfriend and his associates after her family opposed their relationship, reports **Sandeep Rai**, Police

said the gang looted Rs 1.2 crore in cash and gold jewellery from the residence of brass bizzman Mohammad Imran in Akbar Compound under Nagfani police station. Moradabad police have arrested five people in connection with the case.

EAM underlines concerns over energy supply disruptions

Continued from P1

EAM S Jaishankar underlined India's concerns over energy supply disruptions caused by the Strait of Hormuz blockade, cross-border terrorism and long overdue UNSC reform, seeking Brics solidarity when the world faced unprecedented geopolitical and economic uncertainty, along with challenges that were testing the resilience of multilateral systems.

While singling out West Asia for special attention, the minister said continuing tensions, risks to maritime traffic, and disruptions to energy infrastructure highlighted the fragility of the situation. "Safe and unimpeded maritime flows through international waterways, including Strait of Hormuz and Red Sea, remain vital for global economic well-being," he said, speaking at a meeting on global and regional issues.

The minister addressed Brics' concerns over the Gaza conflict and its grave humanitarian implications, underscoring the need for a sustained ceasefire, humanitarian access, and a credible pathway towards a durable and peaceful resolution. He also reiterated India's support for a two-state solution for Palestine and the importance of upholding international law.

Jaishankar, however, said that it is important to address similar situations and challenges in countries like Sudan, Libya, Yemen, Lebanon and Syria.

Government of Gujarat Climate Change Department

Call for Proposals: Climate Change Fund of Gujarat- 2026-27.

- Introduction**
The Climate Change Department, Government of Gujarat, in collaboration with the Gujarat Energy Development Agency (GEDA), invites proposals for funding under the Climate Change Fund of Gujarat (CCFG) for the year 2026-27. This initiative aims to promote green technologies, address climate-related challenges in Gujarat through studies, research and analysis, as well as support India's international and national commitments including the SDGs, NDCs, SAPCC, and NAPCC.
- Objectives of CCFG**
Proposals must contribute to one or more of the following objectives:
 - Financial Assistance:** Provide support to government, semi-government, and private institutions for climate-related projects.
 - International Alignment:** Contribute towards achieving India's global climate commitments.
 - Project Screening & Approvals:** Facilitate rigorous review and approval processes for climate action initiatives in Gujarat.
 - Blended Financing:** Enable blended or catalytic financing of climate-aligned projects as per State Action Plan on Climate Change (SAPCC), National Action Plan on Climate Change (NAPCC), Sustainable Development Goals (SDGs), and Nationally Determined Contributions (NDCs).
 - Comprehensive Programs:** Implement wide-ranging climate programs addressing both strategic goals and emerging issues.
 - SAPCC Priority Support:** Focus on key sectors outlined in the Gujarat State Action Plan on Climate Change (SAPCC).
- Proposal Format**
Proposals must be structured as follows:
 - Executive summary
 - Objectives and alignment with CCFG goals
 - Research Project justification and relevance
 - Methodology and implementation plan
 - Budget and financial plan
 - Expected outcomes and indicators
 - Profile of the institution/organization and team
 - Financial governance and audit mechanisms
 - Declaration of No Conflict of Interest
- Implementation & Compliance Terms**
 - All procurements must follow Government e-Marketplace (GeM) norms or approved exceptions.
 - Use of Direct Benefit Transfer (DBT) to be followed.
 - Any unutilized funds must be surrendered.
 - Any misappropriation or misuse will invite financial, administrative, and legal action, including recovery of funds.
 - Changes in sanctioned items or limits shall require prior approval from the Government.
 - Financial ceilings and beneficiary numbers must be strictly followed.
 - Annual budgets and financial auditors will be conducted as per prevailing norms.
 - Ownership of procured assets shall remain with the Government of Gujarat.
 - Disbursement will only be made to an authorized bank account.
- Monitoring, Evaluation & Reporting**
 - Institutions/Organizations must submit quarterly progress reports and a final project report.
 - Failure to submit deliverables on time as decided may lead to withdrawal of funding.
 - Projects will be reviewed and approved by the CCFG Governing Committee.
 - GEDA will conduct social audits and third-party verifications and submit findings to the Climate Change Department.
 - All projects are subject to review and audit by the Government of Gujarat or its appointed authorities.
 - Monitoring must comply with CCD financial governance norms.
 - GEDA reserves the right to terminate support for non-performing or misaligned projects and to use project findings for public policy development.
 - Any conflict of interest or instances of double funding must be disclosed at the time of submission.
- Submission Guidelines**
 - Physical Submission:** Submit a signed hard copy of the proposal along with a covering letter from the head of the institution via Registered/Speed Post or in person.
 - Email Submission:** A digitally signed PDF version must be emailed to: director@geda.org.in
 - Last date of submission:** 30th June 2026.

SHARING GROWTH TO ENRICH LIVES

Across Gujarat and Odisha, GMDC is widening its mineral footprint from lignite and coal to rare earths, copper and blue hydrogen. But the truer measure lives above ground. In the communities around our mines, in the industries our minerals power, in a nation steadily building its own resource backbone.

NOTES

- These results have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.
- The above results have been audited by the statutory auditors of the Company in terms of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended and have been reviewed by the Audit Committee and thereafter approved and taken on record by the Board of Directors at its meeting held on May 14, 2026.
- The Company's Management, pursuant to Ind AS 108 - Operating Segments, has concluded that the company has only one reportable segment i.e. Textile. Accordingly, Segment wise disclosures requirement is not applicable to the Company.
- The exceptional items mentioned in the above financial results during any of the quarter or year mentioned above wherever necessary are in the nature of profit/loss due to the sale of tangible assets (Property, Plant, Equipments or Vehicles).
- The equity shares and basic/diluted earnings per share for the comparative period has been presented in accordance with Ind AS 33-Earnings per share.
- Previous period's/year's figures have been regrouped/reclassified wherever necessary to confirm with the current period's/year's classification/disclosure.

POSTAL BALLOT NOTICE AND REMOTE E-VOTING INFORMATION

Members are hereby informed that pursuant to the provisions of Section 108, 110 and all other applicable provisions of the Companies Act, 2013 ("the Act"), read with the Companies (Management and Administration) Rules, 2014 ("Rules"), General Circular No. 03/2025 dated September 22, 2025 and other relevant circulars issued by the Ministry of Corporate Affairs ("MCA") from time to time ("MCA Circulars"), the Secretarial Standard - 2 on General Meetings issued by the Institute of Company Secretaries of India ("SS-2"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") and other applicable laws and regulations (including any statutory modification(s) and/or re-enactment(s) thereof for the time being in force), the Company has completed the dispatch of the Postal Ballot Notice on Thursday, May 14, 2026 through electronic mode only, to those members whose e-mail addresses are registered with the Company's Depositories and whose names are recorded in the Register of Members of the Company and Register of Beneficial Owners maintained by the Depositories as on Friday, May 08, 2026, seeking approval of the Shareholders of the Company by Postal Ballot through electronic means for the following matter:

Type of Resolution	Resolution
SPECIAL	REAPPOINTMENT OF MR. ATUL RASIKLAL DESAI (DIN: 01918187) AS INDEPENDENT DIRECTOR OF THE COMPANY FOR A SECOND TERM OF THREE YEARS
ORDINARY	APPOINTMENT OF MR. ABHIJEET JHAWAR (DIN: 11536278) AS A DIRECTOR OF THE COMPANY

The Company has engaged the services of Central Depository Services (India) Limited ("CDSL") for providing remote e-voting facility to its members. The detailed procedure for remote e-voting is listed as a part of the Postal Ballot Notice.

Remote e-voting schedule:

Cut-off date for eligibility of remote e-voting	Friday, May 08, 2026
Commencement of remote e-voting period	09:00 a.m. IST Friday, May 15, 2026
Conclusion of remote e-voting period	05:00 p.m. IST Saturday, June 13, 2026

Please note that communication of assent or dissent of the members would only take place through the remote e-voting system. The voting rights of the members shall be in proportion to the shares held by them in paid-up equity share capital of the Company as on cut-off date. A person who is not a member as on the cut-off date should treat this notice for information purpose only. Once the vote on a resolution is cast, members shall not be allowed to change it subsequently. The remote e-voting shall not be allowed beyond 05:00 p.m. (IST) on Saturday, June 13, 2026 and the remote e-voting module shall be disabled by the CDSL thereafter.

The Board of Directors of the Company has appointed Mr. Ankush Agarwal (COP No 14466), Partner of M/s. MAK'S & CO., Company Secretaries (FRN P2018UP06700), as the Scrutinizer for conducting e-voting process for Postal Ballot in a fair and transparent manner. The Postal Ballot Notice is also available on the website of the Company i.e. www.shalimarpaints.com, on the website of CDSL i.e. www.evotingindia.com and website of the Stock Exchanges where the equity shares of the Company are listed, BSE Limited ("BSE") i.e. www.bseindia.com and National Stock Exchange of India Limited ("NSE") www.nseindia.com.

Shareholders holding shares held in electronic form and who have not updated their email or KYC details are requested to register/update the details in their demat account, as per the process advised by their respective Depository Participant. Shareholders holding shares held in physical form who have not updated their email or KYC details are requested to register/update the said details in the prescribed Form ISR-1 with Registrar and Share Transfer Agent of the Company, Beetal Financial & Computer Services Private Limited.

For details relating to remote e-voting, please refer to the Postal Ballot Notice. In case of any queries relating to voting by electronic means, shareholders may refer the Frequently Asked Questions (FAQs) and e-voting manual available at www.evotingindia.com under help section or write an e-mail to helpdesk.evoting@cdslindia.com.

The Scrutinizer will submit his report to the Chairman or any person authorised by him in writing, after the completion of the scrutiny of the e-voting, and the results will be announced within 2 (two) working days from the conclusion of e-voting. The results so declared along with the Scrutinizer's Report shall be placed on the website of the Company i.e. www.shalimarpaints.com and CDSL i.e. www.evotingindia.com and shall also be forwarded to the Stock Exchanges on which shares of the Company are listed i.e. BSE Limited and National Stock Exchange of India Limited.

ગુજરાત જમીન સુધારો 2015: એડવોકેટ્સ- નિષ્ણાતોની ડિબેટ યોજાઈ રેરા, દસ્તાવેજમાં BU ફરજિયાત દર્શાવવાથી ગ્રાહક- બેંકને ફાયદો, પ્રોજેક્ટ નિયમથી થાય

‘ગુજરાત જમીન સુધારો’ કાયદામાં રહેલી ત્રુટિઓ અંગે શહેરના પ્રતિષ્ઠિત વકીલો નિલેશ પટેલ, હેત ખત્રી, મીત પવાર, જતિન વોરા, ઋત્વિક દેસાઈ, મનીષ પટેલ, અંકિત કાકડિયા, હિરેન રાવલ, નિલેશ ત્રિવેદી, દિનેશ બી. પટેલ, એસ. ડી. મિશ્રા, સતીશ પુજારા, ધાર્મિક ઠાકર, જીજ્ઞેશ દુધાત, સચિન ઘાડિયા, ધવલ ભેડા, જગદીશ પ્રજાપતિ, કેની ઠક્કર, વિરલ ગોધાવિયાએ ભાસ્કર સાથે વાત કરી હતી.

ભાસ્કર બ્યૂરો | અમદાવાદ

ગુજરાત સરકારે વર્ષ 2015માં ગણોત્તર ધારામાં સુધારા કર્યા હતા. નવી જોગવાઈઓ અને વહીવટી ફેરફારોને કારણે ખેડૂતો અને રિઅલ એસ્ટેટ સાથે સંકળાયેલા લોકોમાં અસંતોષ છે. આ કાયદામાં સુધારા ખેડૂતોને સીધા કેવી રીતે અસર કરે તે માટે એડવોકેટ્સના ઓપિનિયન માટે દિવ્ય ભાસ્કરે ગ્રુપ ડિસ્કશનનું આયોજન કર્યું હતું. સરકારના કાયદા માત્ર કાગળ પર હોવાનો અને નવી જોગવાઈઓ અભ્યાસ સાથે લાગુ કરાય તો જ ફાયદો થઈ શકે તેવો અમદાવાદના અગ્રણી એડવોકેટ- નિષ્ણાતોનો મત છે.

એડવોકેટ્સ પેનલે ચર્ચામાં કહ્યું કે, બિલ્ડિંગ યુઝ (BU) પરમિશન રેરા અને દસ્તાવેજમાં ફરજિયાત રીતે દર્શાવવી જોઈએ. આર.કે. અને બેન્કોને લોન આપવા- લેવામાં તકલીફ ન પડે તેમજ દરેક પ્રોજેક્ટ સરકારના નિયમ પ્રમાણે તૈયાર થાય. બીયુ પરમિશન પાછળથી આવતી હોવાથી રેરામાં દર્શાવવાની નથી. જેથી પ્રોજેક્ટ ક્લિયર છે કે નહીં તેની જાણ થતી નથી. પ્રોજેક્ટ તૈયાર થઈ જાય છે પણ મંજૂરી બાકી હોવાનું કહી બિલ્ડર્સ બીયુ આપતા નથી. તમામ યુનિટ વેચાણ થઈ જાય તો પાછળથી બિલ્ડર્સ બીયુ પરમિશન મંજૂર કરાવતા નથી. દસ્તાવેજમાં બીયુ પરમિશન દર્શાવવાની ભૂલથી રહી જાય તો બેંક મોર્ગેજમાં અગવડ પડે છે.

એડવોકેટ્સ પેનલના અભિપ્રાયના મુખ્ય મુદ્દા કયા હતા?

- જમીન મહેસૂલના કાયદાઓમાં અગાઉ એલઆરસી સિસ્ટમ અમલમાં હતી, જે જમીનના રેકોર્ડ અને વ્યવહારો માટે એક સ્થાપિત માળખું પૂરું પાડતી હતી. સરકાર દ્વારા આ સિસ્ટમને બંધ કરી દેવામાં આવી છે. નવી વ્યવસ્થાઓમાં જૂના રેકોર્ડ્સનું સંકલન ન થવાને કારણે ખેડૂતોને પોતાની જ જમીન માટે નવી નવી કચેરીઓના ધક્કા ખાવા પડે છે.
- સરકાર વારંવાર ખેડૂતોને રાહત આપવાની જાહેરાતો કરે છે, પરંતુ 2015ના સુધારાના નિયમોમાં એટલી બધી જટિલતા છે કે સામાન્ય ખેડૂત માટે તેનો લાભ લેવો અશક્ય જેવું છે.
- સરકાર જ્યારે પણ જમીન સંબંધિત કોઈ નવો પરિપત્ર કે નોટિફિકેશન બહાર પાડે છે, ત્યારે તેમાં ઘણી ક્ષતિઓ રહી જતી હોય છે. તેનું મુખ્ય કારણ એ છે કે આ પરિપત્રો બનાવતી વખતે કાનૂની અને જમીન મહેસૂલના નિષ્ણાતોની સલાહ લેવામાં આવતી નથી.
- રિઅલ એસ્ટેટ સેક્ટરમાં પારદર્શિતા લાવવા માટે રેરાની સ્થાપના કરવામાં આવી છે. પરંતુ વાસ્તવિકતા એ છે કે રેરાની મેટર ચલાવવા માટે જે કક્ષાના વિગલ એક્સપર્ટ હોવા જોઈએ, તેનો અભાવ જોવા મળે છે.
- નવા સુધારા મુજબ મામલતદાર અને કલેક્ટરને અનેક સત્તા આપવામાં આવી છે. પરંતુ, નિયમોમાં સ્પષ્ટતા ન હોવાને કારણે આ સત્તાઓનો ઉપયોગ ઘણીવાર અરજદારોને પજવવા માટે કરવામાં આવતો હોવાની ફરિયાદો ઉઠે છે. જંત્રીના ત્રણ ગણા દંડ જેવી જોગવાઈઓ ભ્રષ્ટાચારને મોકળું મેદાન પૂરું પાડે છે.

ખેડૂતોનું હિત ઈચ્છતી હોય તો સરકારે શું કરવું જોઈએ?

- દરેક સુધારા સાથે તેની સ્પષ્ટ ગાઈડલાઈન હોવી જોઈએ જેથી વહીવટી અધિકારીઓ પોતાની મરજી મુજબ અર્થઘટન ન કરી શકે.
- મહેસૂલ વિભાગ અને રેરામાં અનુભવી કાનૂની નિષ્ણાતોની ભરતી કરવી જોઈએ.
- એલઆરસી સિસ્ટમ બંધ કર્યા પછી જે પરિસ્થિતિ સર્જાઈ છે, તેને ઉકેલવા માટે એક સિંગલ-વિન્ડો ક્લિયરન્સ સિસ્ટમ લાવવી જોઈએ જે પેપરલેસ કાર્યરત હોય.
- ખેડૂતોના મૃત્યુ બાદ વારસદારોના નામ દાખલ કરવાની પ્રક્રિયા વધુ સુગમ, ભ્રષ્ટાચાર મુક્ત જરૂરી.

3 દિવસમાં 3 વખત ફેરફાર કર્યા અને 3 વખત રદ પણ કર્યા

પ્રજાના પ્રશ્નોના નિરાકરણ માટે સરકાર દ્વારા તા. 04.04.2026ના રોજ બહાર પડાયેલા અને તે પરિપત્રોને લઈને વેચાણ વ્યવહારની નોંધ રેવન્યુ રેકર્ડમાં દાખલ કરતા હતા. પરંતુ ત્રણ દિવસમાં ત્રણ વખત ફેરફાર કર્યા અને ત્રણ વખત રદ કર્યા છે. » દિનેશ પી. પટેલ, એડવોકેટ

BU મંજૂરી પહેલાં જ રજિસ્ટર વેચાણ દસ્તાવેજ કરાવે જ

રેરાના કાયદાના અમલ પછી ડેવલોપર બિલ્ડર માટે તેમજ મેમ્બર્સ (કંઝ્યુમર) માટે યોજાના ભંગ માટે કંઝ્યુમરને પૂરતો ન્યાય મળતો નથી. ખાસ કરીને BU પરમિશન આવતા પહેલા જ રજિસ્ટર વેચાણ દસ્તાવેજ કરવામાં આવી રહ્યા છે અને કબજો પણ આપી રહ્યા છે જે કાયદા અનુસાર યોગ્ય નથી. » નીલેશ ત્રિવેદી, એડવોકેટ

LRC જમીન હક્ક, મહેસૂલ ભાબતોનું નિયમન કરતી હતી

લેન્ડ રેવન્યુ કોડ (એલઆરસી) સિસ્ટમ રાજ્યમાં જમીનની માલિકી, હક્ક, રેકર્ડ અને મહેસૂલ સંબંધિત ભાબતોનું નિયમન કરતી હતી. જે બંધ થતા જમીનની લે-વેચ, દસ્તાવેજમાં વિલંબ, કાનૂની ગુંચવણોમાં વધારો થયો છે. ઓનલાઈન બંધ થતા ખેડૂતોને નાની નકલ માટે ધક્કા ખાવા પડે છે.

ગામડી- અસલાલી રોડ પર પંકચર ચેક કરી રહેલો ચાલક અકસ્માતમાં બે ટ્રક વચ્ચે દબાઈ જતા મોત

કાર્યમ રિપોર્ટર | અમદાવાદ

અસલાલી-ગામડી રોડ પર ટ્રક ઊભી રાખી રિપેરિંગ કરવા માટે ચાલક નીચે ઉતર્યો હતો. તે સમયે પાછળથી બીજી ટ્રક ટક્કર મારતા ચાલકનું સ્થળ પર જ મોત નીપજ્યું હતું. અકસ્માત કરનાર ટ્રક ચાલક ફરાર થઈ ગયો હતો. આ અંગે કે ડિવિઝન ટ્રાફિક પોલીસે ગુનો નોંધી તપાસ શરૂ કરી છે.

ટ્રક ઊભી રાખી પણ આડશ, રિફ્લેક્ટર રાખ્યું ન હતું

મહેન્દ્રભાઈએ પંકચર બાદ ટ્રક ઊભી રાખી હતી. કોઈ આડશ કે ટ્રાયએંગલ રિફ્લેક્ટર રાખ્યું ન હતું. 70થી વધુની સ્પીડે પાછળથી અન્ય ટ્રકે ટક્કર મારી હતી. જેથી ઊભેલી ટ્રક 30 ફૂટ આગળ રોડની સામે પહોંચી ગઈ હતી.

જાહેર સૂચના	પર્યાવરણીય મંજૂરી
