3 Exceptional items represent the following: (₹ Lakhs)

Particulars	Quarter ended Unaudited 30.06.2026	Year Ended Audited 31.03.2026	Quarter ended Unaudited 30.06.2025
Write-down of various assets and recognition of restructuring costs in relation to decision to wind down the operations of CUMI UKO Abrasives GmbH (CAAG), a step-down subsidiary of the ing Company (Refer Note 3B below)	-	(11,856)	-
ite-down of various assets of Foskor Zirconia (Pty) Ltd (FZL), a step-down subsidiary of the Holding Company (Refer Note 3C below)	-	(1,601)	-
Total	-	**(13,457)**	-

3A The geo-political situation continues to present an uncertain environment for the operations of the step-down subsidiary, Volzhsky Abrasive Works (VAW), Russia, held through CUMI International Ltd including those arising from international sanctions and territory embargoes. As per the US Department of State's press release dated January 10, 2025, a set of Russian companies in the manufacturing sector which includes VAW were added to the US Department of Treasury's Office of Foreign Assets Control (OFAC)'s Specially Designated Nationals and Blocked Persons List (SDN list), for operating or having operated in the manufacturing sector of the Russian Federation economy. As a result of VAW's designation, all of VAW's property and interests in property that are in the United States or in the possession or control of US persons are blocked. Further, most financial transactions involving US currency and transactions involving US persons are not possible for VAW unless authorized by a general or specific license issued by OFAC or exempt.

Consequent to the above designation, the Company (CUMI) made a detailed assessment of the liquidity position of VAW including its ability to continue as a going concern, control over the entity and had also comprehensively assessed the recoverability and carrying values of its assets comprising of property, plant and equipment, intangible assets, trade receivables, inventory and other assets as at the respective balance sheet date including the related goodwill at CUMI International Ltd's consolidated level. Basis the above assessment, an impairment expense (representing certain balances held in foreign currency with a clearing agency by VAW and export receivables of VAW outside the Group) amounting to Rs.10,413 lakhs had been recognised in the prior years. No additional impairment was deemed necessary for the current period.

Cash and cash equivalents of VAW amounting to Rs. 36,090 lakhs are not available for use by other entities within the Group due to temporary repatriation restrictions. The impact assessment is a continuing process and given the evolving nature of uncertainties associated, the Holding Company will continue to monitor all material changes to the internal and external environment.

3B On March 30, 2026, the Board of Directors of CUMI International Limited, Cyprus (CIL), the holding company of CUMI AWUKO Abrasives GmbH (CAAG), a step-down subsidiary of the Holding Company in Germany, approved the initiation of the closure of CAAG through a voluntary winding-up process in accordance with the applicable laws in Germany. This decision was taken in view of the continued underperformance of CAAG, characterised by mounting losses and its inability to achieve a turnaround given the prevailing market conditions. CAAG is not a material subsidiary of the Group, and accordingly, its winding down is not expected to have an adverse impact on the Group's overall business operations.

Pursuant to this decision, the financial information of CAAG has been prepared on a realisable value (non-going concern) basis. In this context, the Group performed a detailed assessment of the carrying value of assets and the recognition of liabilities in connection with the winding down of operations and recognised an expense of Rs.11,856 lakhs under the heading exceptional items in the consolidated financial results in the prior year, representing write-down of various assets and recognition of restructuring costs. No additional provision was required to be recognised for the current period.

3C On May 13, 2026, the Board of Directors of Foskor Zirconia (Pty) Ltd, South Africa (FZL), a step-down subsidiary of the Holding Company in South Africa, reviewed the financial position of FZL and concluded that it is not in a position to continue the operations and there is no realistic alternative. This assessment was based on the continued underperformance of FZL, evidenced by sustained losses and the absence of a viable turnaround in light of prevailing market conditions.

Consequent to this decision, the financial information of FZL has been prepared on a realisable value (non-going concern) basis. In this context, the Group performed a detailed assessment of the carrying value of assets and has recognised an impairment expense of Rs. 1,601 lakhs under the heading exceptional items in the consolidated financial results in the prior year, representing a write-down of various assets. No additional provision was required to be recognised for the current period.
