| Are there any favorable/unfavorable events affecting the viability of these object(s)?      | No             | Management Certificate, CA certificate and NSE website                                           | As per the implementation schedule outlined in the offer document, the company was expected to deploy Rs 16 crores under the 'funding the Working Capital Requirement' object during FY26 and ₹ 17 crores in FY27. However, by June 30, 2026, the company has already utilized ₹31.91 crores (With refund of ₹ 1 crore), significantly exceeding the planned allocation. This early and excess utilization during FY26 may adversely impact the availability of funds for working capital requirements in subsequent periods. | The Company clarifies that the higher/early utilisation does not constitute a deviation from the objects of the Issue. The funds have been utilized towards the stated object of meeting working capital requirements and were necessitated by the growth in the Company's operations and increased business requirements. The utilisation ahead of the originally projected timeline reflects the Company's ability to deploy the funds in line with actual business requirements and growth opportunities. There has been no change |

**Note 1:** During Q2FY26, the Company had made total payment of ₹ 2 Crore from the monitoring account towards a proposed advertising and media-related business arrangement (working capital requirements and general corporate purpose of Rs 1 crore each) against which a fund utilisation certificate was also issued by the Company and the auditor and accordingly monitoring agency report was issued.

However, the aforesaid amount was subsequently refunded by the party to the Company's (CUDML) HDFC Bank account bearing no. 06012320000049(current account) in Q1FY27. Accordingly, the utilization under funding the working capital requirement and general corporate purpose for the quarter i.e. Q1FY27 has reduced by ₹ 1 crore each. As the HDFC current account has various other debit and credit transactions including transfer of funds to other current accounts, it has led to comingling of funds.

While we have reviewed the relevant bank statements, the commingling of issue proceeds with other funds has restricted our ability to independently trace and ascertain the end use of the issue proceeds. Accordingly, we rely on certifications from management and Statutory auditor of the company.

^ The refund cheque pertaining to the issue proceeds of ₹2.00 Crore was received by the Company in the last week of March 2026; however, the cheque was presented for encashment and realised on April 04, 2026 (Q1FY27). The Company as well as the statutory auditor has considered the refund in Q4FY26 based on the receipt of cheque in Q4FY26, however the same has been considered as refund in Q1FY27 based on actual realization of funds reflected in the account.

**(iii) Deployment of unutilized proceeds:**

*Note: As per offer document, issue proceeds, if any, pending utilization for the purposes described above, the Company will have the flexibility to deploy the Net Proceeds and to deposit the Net Proceeds temporarily in deposits with one or more scheduled commercial banks included in the Second Schedule of the Reserve Bank of India Act, 1939.*

^ The refund of Rs 2 crore was credited to the Company's HDFC Bank current account and was further transferred to other current accounts which has led to comingling of funds. Additionally, the company has created FD of Rs 3 crore from ICICI current account which included funds transferred from HDFC current account as well as already available balance. While we have reviewed the relevant bank statements, the commingling of issue proceeds with other funds has restricted our ability to independently trace and ascertain the end use of the issue proceeds. Accordingly, we rely on certifications from management and Statutory auditor of the company.
