Dear Sir/ Madam,

Sub: Newspaper Advertisement- Notice of 6th Annual General Meeting, Intimation of Cut-off Date and E- voting information etc.

Please find attached herewith copies of newspaper advertisements published in the Trinity Mirror (English) and Makkal Kural (Tamil), both newspapers having electronic editions, regarding notice of 6th Annual General Meeting, intimation of Cut-off Date for e-Voting information in terms of Section 108 of the Companies Act, 2013 read with Rule 20 of Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Newspaper	Language	Date
Trinity Mirror	English	September 08, 2026
Makkal Kural	Tamil	September 08, 2026

You are requested to take the above information on your record.

Thanking You,

For **FLYSBS AVIATION LIMITED**

Name : Saptharishi N
Designation : Company Secretary and Compliance Officer

ADHD may have a surprising creative advantage

BERLIN: Attention-deficit/hyperactivity disorder (ADHD) may also have an unexpected creative side, according to new research from Constructor University.

The study, published in the journal iScience, examines the neurological relationship between attention and creativity. Researchers suggest that some attention patterns associated with ADHD, “defocused attention”, can help people explore more ideas, make unusual connections and generate creative insights when channelled productively.

Led by neuroscientist Dr Radwa Khalil, the research challenges the tendency to view ADHD only through deficits. It proposes that attention and creativity partly rely on overlapping neural networks, meaning a pattern that creates difficulties in routine situations could also offer advantages in creative settings.

Khalil compares attention to a spotlight. While most people may concentrate the beam on a particular target, people with ADHD can have a wider attentional field, taking in more information simultaneously. This can make tasks requiring sustained concentration challenging, but may also encourage exploratory thinking and the combination of seemingly unrelated ideas.

Researchers highlight free-associative thought, in which ideas move rapidly in unexpected

directions, as an important link between ADHD-related attention patterns and creativity. Mind-wandering and distractibility can interfere with everyday activities, but similar processes may contribute to original thinking.

The findings point to a possible role for creative activities in supporting people with ADHD. Art, music, dance and writing could provide structured environments in which individuals direct broader attention towards productive goals.

Researchers suggest that sustained engagement in creative activities might also exercise neural networks involved in attention control, potentially helping strengthen focus and self-regulation. Such approaches could eventually complement existing ADHD interventions, although they are not being proposed as replacements for established medical care.

The study is relevant because ADHD affects millions of people worldwide, including children and adults. Researchers estimate that nearly 8 per cent of children

globally are affected.

However, scientists caution that the relationship between ADHD and creativity remains incompletely understood. Earlier research has produced mixed results, and the new work is presented as a framework for further investigation rather than definitive proof that ADHD directly increases creativity.

Khalil and colleagues call for collaboration among neuroscientists, clinicians, art therapists and other specialists. They also recommend longitudinal studies capable of tracking how creative engagement affects attention and behaviour over time.

A better understanding of the connection could encourage future approaches also recognising both these challenges and potential strengths associated with neurodivergent attention patterns.

More than 500 students and faculty members of Sri Ramachandra Institute of Higher Education and Research (SRIHER) actively participated in an Eye Donation Awareness Walkathon held on campus today. Samyuktha Venkataachalam, Trustee, Sri Ramachandra Educational and Health Trust graced the occasion as Chief Guests. Carrying placards and slogans, the participants spread the message of the importance of eye donation. Speaking on the occasion, Dr. Samarapuri, Head, Department of Ophthalmology, highlighted that with recent advancements in ophthalmology, corneas from a single donor can restore the vision of up to four individuals. He emphasised that beyond pledging for eye donation, it is crucial for individuals to inform their family members. In the event of death, timely notification by family to the hospital is essential for harvesting corneas. Vice Chancellor Dr. Uma Sekar and Dr. S. Gayatri, Cornea specialist along with doctors, faculty members, nurses, and students, joined the campaign, reaffirming SRIHER’s commitment to creating awareness and encouraging voluntary eye donation.

New pill cuts sleep apnoea breathing interruptions

A once-nightly pill could offer a new option for people with obstructive sleep apnoea (OSA), after a Phase 3 clinical trial found that the treatment reduced breathing interruptions by about 44 per cent and improved oxygen levels.

The drug, called AD109, combines aroxylbutynin and atomoxetine. It is designed to strengthen muscles that help keep the throat airway open during sleep, targeting neuromuscular problems that contribute to airway collapse.

The six-month SynAIRgy trial involved 646 adults with mild to severe OSA at 69 sites across the US and Canada. All participants had either refused continuous positive airway pressure (CPAP) treatment or were unable to tolerate it.

Researchers found that the apnea-hypopnea index, which measures the number of breathing interruptions per hour, fell by about 44 per cent among patients receiving AD109. The corresponding reduction in the placebo group was 18 per cent.

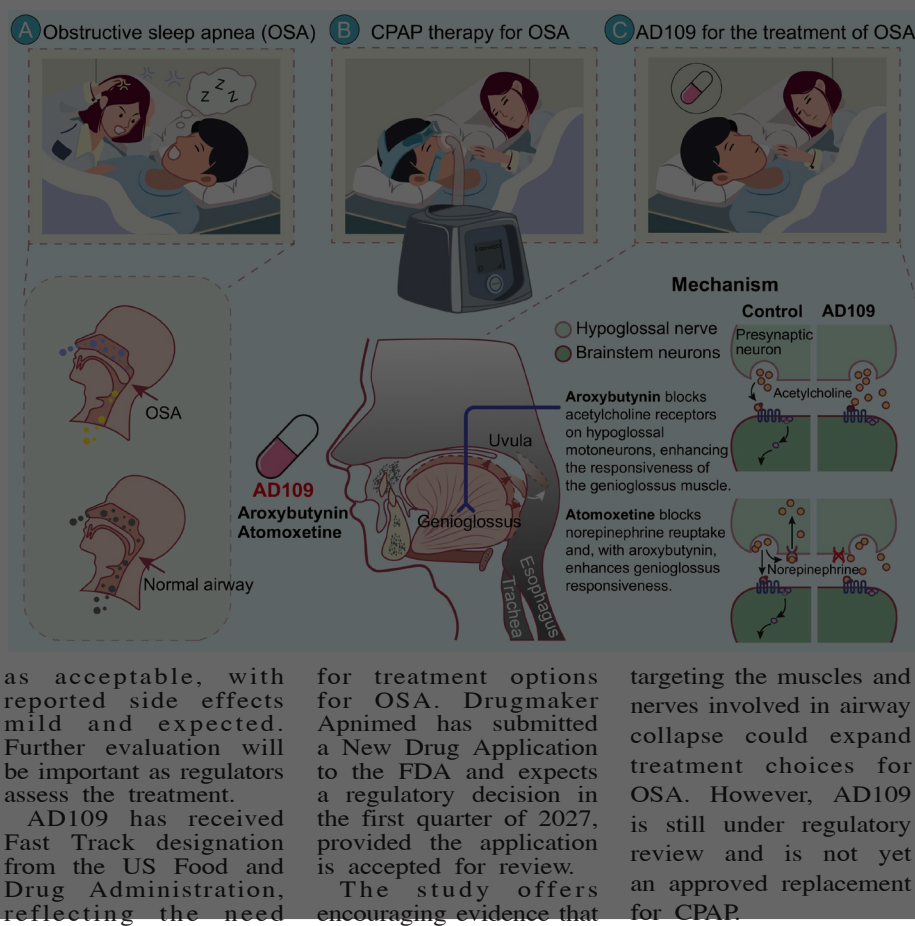

Nighttime oxygen measures also improved, including the oxygen desaturation index and hypoxic burden, which reflects the amount of oxygen deficiency experienced during sleep. More than 40 per cent of patients receiving AD109 improved sufficiently to move into a less severe OSA category, while 18 per cent achieved complete disease control.

The findings were presented at the 2026 ATS International Conference and published in the American Journal of Respiratory and Critical Care Medicine.

Continuous positive airway pressure remains the standard treatment for OSA, but many patients struggle to use the machine consistently. Researchers said an oral medicine could potentially provide an alternative for patients who cannot tolerate or are unwilling to use CPAP.

However, the treatment was not free of side effects. The most commonly reported problems were dry mouth, nausea, insomnia and difficulty urinating. About 21 per cent of participants stopped taking AD109 because of side effects.

Researchers described the drug’s safety profile

Money worries may speed brain ageing

Persistent financial hardship during early and middle adulthood may be linked to poorer thinking skills in midlife and signs of faster brain ageing later, according to a long-term study led by University College London (UCL).

Published in Innovation in Aging, the research analysed data from 2,759 people who took part in the 1946 British birth cohort study. Participants reported household income at ages 26, 43 and 53, while financial hardship was assessed through questions about difficulties managing income and paying bills.

Researchers found that people who experienced

persistent low income or financial difficulties performed less well on cognitive tests at age 53. Among a smaller group who underwent brain scans between ages 69 and 71, persistent low income was associated with poorer brain health, including greater brain shrinkage.

The associations remained after researchers accounted for childhood cognitive ability, education and childhood disadvantage.

Researchers stressed that the accumulation of hardship appeared more important than occasional adversity. About 16 per cent of participants were classified as having persistent low income. About 12 per cent experienced persistent financial hardship at least twice between ages 36 and 53.

Cognitive assessments measured verbal memory and processing speed. MRI scans provided measures of brain atrophy and ventricular expansion.

The relationship between financial adversity and later brain health was particularly strong among men and carriers of APOE-ε4, a genetic variant associated with increased Alzheimer’s disease risk.

Scientists suggested several possible explanations. Chronic stress may promote inflammation, which can contribute to brain ageing. Constant worries about money and bills may also increase cognitive load, consuming mental resources needed for memory, attention and problem-solving.

Interestingly, people with persistent financial hardship showed slower memory decline between ages 53 and 69. Researchers said this may be because they had already experienced greater cognitive losses by age 53, leaving less room for further decline.

Dr Jacques Wels, corresponding author, said the study indicates that years of accumulated hardship, rather than isolated financial setbacks, are associated with poorer cognitive health.

Professor Praveetha Patalay, senior author, said supporting people facing financial hardship and reducing chronic poverty could help prevent cognitive decline and dementia.

The researchers cautioned that the study demonstrates associations, not proof that financial hardship directly causes brain ageing. Nevertheless, the findings highlight financial security as an important factor in healthy ageing. The study therefore points to economic security as a factor that may matter across the entire adult life course.

KRISHCA STRAPPING SOLUTIONS LIMITED

Website : www.krishcastrapping.com

NOTICE OF 9th ANNUAL GENERAL MEETING AND INFORMATION ON E- VOTING
Notice is hereby given that the **9th Annual General Meeting ("AGM")** of Krishca Strapping Solutions Limited will be held on **Tuesday, the 29th September, 2026 at 11:00 a.m. (IST)** through video conferencing ("VC") / other Audio Video Means ("OAVM") without presence of physical quorum to transact the business as set out in the Notice of AGM. The deemed venue of the meeting shall be the registered office of the Company.
In compliance with the Circulars, electronic copies of the Notice of the 9th AGM and the Annual Report for the financial year 2025-26 comprising of the audited financial statements for the financial year 2025-26, along with Board's Report, Auditors' Report and other documents required to be attached thereto have been sent on **September 07, 2026**, electronically, to all members whose email addresses are registered with the Company/ Company's Registrar and Transfer Agent, Purva Share registry India Private Limited (RTA) / Depository Participants (DPs). These documents also be available on the website of the Company at <https://www.krishcastrapping.com/> and on the website of National Stock Exchange of India Limited ("NSE") at www.nseindia.com
Remote e-voting and e-voting during the AGM:
In compliance with Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Members are provided with the facility to cast their votes on all resolutions set forth in the Notice of the AGM using electronic voting system provided by National Securities Depository Limited (NSDL) (remote e-voting). The facility of voting will also be made available during the AGM and those members who have not cast their vote on the resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through the e-voting system at the AGM. A Person whose name is recorded in the register of members or in the register of beneficial owner maintained by the depositories as on the cut-off date, i.e., **22nd September, 2026**, will only be entitled to avail the facility of remote e-voting as well as voting in the Annual General Meeting.
The e-voting period commences on **Saturday, September 26, 2026 (9.00 a.m. IST)** and ends on **Monday, September 28, 2026 (5.00 p.m. IST)**. During this period, Members may cast their vote electronically. The e-voting module shall be disabled by NSDL thereafter.
Members are provided with a facility to attend the AGM through electronic platform provided by National Securities Depository Limited. Members may access the platform to attend the AGM through VC at www.evoting.nsdl.com by using the remote e-voting credentials. The link for the AGM will be available in the member's login where the "Event" and the "Name of the company" can be selected. The Members who cast their votes by remote e-voting prior to the date of AGM may also attend the AGM but shall not be entitled to cast their vote again.
Detailed procedure of remote e-voting / e-voting and attending the AGM through VC/ OAVM has been provided in the notice of AGM. Any person who becomes shareholder of the company after sending the notice of the AGM but before the cut-off date, i.e., **22nd September, 2026**, may obtain the login ID and password by sending a request at evoting@nsdl.co.in. However, if the person is already registered with NSDL for remote e-voting then the existing user ID and password can be used for casting vote.
The Board of Directors has appointed Mr. Susanta Kumar Dehury of M/s SKD & Associates, Practicing Company Secretary as the Scrutinizer for conducting E-voting process in a fair and transparent manner.
In case of any queries, members may refer the Frequently Asked Question (FAQs) and e-voting user manual for shareholders available at the above website of the www.evoting.nsdl.com. For any grievance/ queries relating to e-voting, members are requested to contact on 022 - 4886 7000 or send a request on e-mail: evoting@nsdl.com and Ms. Diya Venkatesan, Company Secretary, Krishca Strapping Solutions Limited at Registered Office: Building 01B, Logos Mappedu Logistics Park, Satharai Village, Thiruvallur Taluk, Thiruvallur, Tamil Nadu, India, 631203, Email: cs@krishcastrapping.com, Tel: 9094575375.

NOTICE OF THE 6th ANNUAL GENERAL MEETING AND E-VOTING INFORMATION
1. Notice is hereby given that the 6th Annual General Meeting ("AGM") of the Members of **FlySBS Aviation Limited** ("the Company") will be held on **Tuesday, September 29, 2026 at 12:30 p.m. (IST)** through Video Conferencing ("VC") / Other Audio-Visual Means ("OAVM"), to transact the business set out in the Notice convening the AGM, in compliance with the applicable circulars issued by the Ministry of Corporate Affairs and the Securities and Exchange Board of India. The deemed venue of the AGM shall be the Corporate Office of the Company.
2. In accordance with the said circulars, the Notice of the AGM along with the Annual Report for the financial year ended March 31, 2026 has been sent on September 07, 2026 through electronic mode to those Members whose e-mail addresses are registered with the Company / Registrar and Share Transfer Agent ("RTA") / Depository Participants. The said documents are also available on the website of the Company at <https://sbsaviation.in/>, on the website of National Stock Exchange of India Limited at www.nseindia.com, and on the website of MUFG Intime India Private Limited at www.in.mpgms.mufg.com.
3. Members holding shares in physical form who have not registered their e-mail addresses may register the same by writing to the RTA, MUFG Intime India Private Limited, C-101, 247 Park, L.B.S. Marg, Vikhroli (West), Mumbai - 400083, Maharashtra, at investor.helpdesk@in.mpgms.mufg.com along with a signed request letter, self-attested copy of the PAN card and share certificate. Members holding shares in dematerialised form are requested to register or update their e-mail address and bank account details with their respective Depository Participants.
4. Pursuant to Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended, Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and SS-2, the Company is providing to its Members the facility to exercise their right to vote on the resolutions proposed to be considered at the AGM by electronic means. The facility for **remote e-Voting shall commence on Friday, September 25, 2026 at 9:00 A.M. (IST) and end on Monday, September 28, 2026 at 5:00 P.M. (IST)**. The remote e-Voting module shall be disabled by NSDL thereafter. Members participating in the AGM who have not cast their vote by remote e-Voting and are otherwise not barred from doing so shall be entitled to vote through the e-Voting system during the AGM.
5. The cut-off date for determining the eligibility of Members to vote by remote e-Voting and at the AGM is **Tuesday, September 22, 2026**. A person whose name appears in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date shall be entitled to avail the facility of remote e-Voting and e-Voting at the AGM. The voting rights of Members shall be in proportion to their share in the paid-up equity share capital of the Company as on the cut-off date.
6. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013. Since the AGM is being held through VC / OAVM, physical attendance of Members has been dispensed with and accordingly the facility for appointment of proxies will not be available. Members may participate in the AGM through the **NSDL e-Voting system**. Detailed instructions for participation and voting are set out in the Notes to the Notice of the AGM.
7. In case of any queries or grievances relating to remote e-Voting or e-Voting during the AGM, Members may refer to the Frequently Asked Questions and the e-Voting user manual available on the website of **NSDL** at www.evoting.nsdl.com. Members may also contact NSDL through the contact details provided in the Notice of the AGM. For matters relating to the Company, Members may write to the Company at corporate@sbsaviation.in or contact the Company Secretary and Compliance Officer, **Mr. Sapharishi, at cs@sbsaviation.in**.
