Dear Sir/Madam,

Subject: Revised Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Launch of 'KrishiBuddy' Agritech Platform by Wholly-Owned Subsidiary, AVI Eco Spark Private Limited.

This is with reference to the intimation dated April 15, 2026, submitted under Regulation 30 of the SEBI (LODR) Regulations, 2015, regarding the launch of the 'KrishiBuddy' Agritech Platform.

In this regard, we wish to submit a revised intimation to clarify that, due to an inadvertent omission, the website link of the platform was not included in the earlier submission. The platform is now live and accessible to the public at <https://krishibuddy.tech/>.

The revised disclosure is being submitted for your record and reference. All other details as mentioned in the original intimation remain unchanged.

Subject: Revised Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Launch of ‘KrishiBuddy’ Agritech Platform by Wholly-Owned Subsidiary, AVI Eco Spark Private Limited.

Dear Sir/Madam,

In compliance with Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are pleased to inform the exchanges and our esteemed shareholders that our wholly-owned subsidiary, AVI Eco Spark Private Limited, has officially launched its flagship smart farming application, **KrishiBuddy**. The platform is now live and accessible to the public at <https://krishibuddy.tech/>.

This launch marks a significant milestone in Avi Polymers Limited's strategic pivot toward high-growth technological sectors and represents the successful deployment of capital directed toward artificial intelligence and IoT ecosystems within Indian agriculture.

About KrishiBuddy:

KrishiBuddy is a comprehensive, AI-powered smart farming assistant designed to democratize corporate-level agricultural data for the Indian smallholder farmer. Engineered to bypass traditional literacy and technological barriers, the platform is positioned to capture a significant share of India's rapidly expanding \$9 billion agritech market.

Key Features and Unique Selling Propositions (USPs):

- **Multimodal, Multilingual AI:** Features a conversational interface allowing farmers to interact via voice, text, or image uploads in colloquial regional languages (Hindi, English, Hinglish).
- **Space-to-Soil Telemetry (NDVI):** Integrates MODIS Terra and NASA POWER satellite imagery to provide real-time crop health monitoring, allowing predictive field vigor analysis without requiring immediate hardware installation.
- **Predictive Financial Modeling:** Incorporates a hyper-localized 'Profit Calculator' and 'Market Price' arbitrage dashboard, enabling farmers to calculate net margins (factoring in real-time mandi rates, transport, and commissions) prior to sowing.

India - 834001.

- **Pest and Disease Risk Management:** Utilizes community-driven data and iNaturalist integrations to provide localized, early-warning pest alerts and targeted AI recommendations for pesticide intervention.
- **Export Enablement:** Features a dedicated Export Calculator to facilitate cross-border trade, aligning with our vision to integrate Indian Farmer Producer Organizations (FPOs) directly with global supply chains.

Strategic Rationale and Monetization Strategy:

The rollout of KrishiBuddy is strictly aligned with the Company's vision to generate highly scalable, technology-driven revenue streams. The platform's architecture supports multiple monetization channels, including a B2B agri-input marketplace (commission model), premium SaaS subscriptions for large-scale FPOs, and the aggregation of verified, anonymized agricultural data to facilitate alternative credit scoring for financial institutions and microfinance lenders.

The management believes this deployment will act as a major catalyst for AVI Eco Spark Private Limited, driving robust user acquisition and laying the operational foundation for our upcoming IoT hardware rollouts.

We request you to kindly take the above information on record and disseminate the same on your website for the information of the investors.

Thanking you,

For Avi Polymers Limited,
