8. The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement; and consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed. The procedures selected depend on the auditor's judgement, including the assessment of the areas where a material misstatement of the subject matter information is likely to arise. Accordingly, we have performed the following procedures in relation to the accompanying Statement:
- a. Obtained and read the certified copy of the resolution passed at Extra-ordinary General Meeting and the meeting of the Board of Directors held on April 9, 2026 and March 13, 2026 respectively in respect of the preferential issue of the equity shares and convertible warrants.
  - b. Obtained bank statement of the allottees as provided by the management and ensured that the consideration has been received from the allottee's bank account. Further, we have only relied on the information obtained from the management in this regard, and have not performed any independent confirmation procedures;
  - c. Verified the amount of consideration received towards preferential issue with the bank statement of the Company and traced it to the respective receipt date as mentioned in the accompanying Statement; and
  - d. Conducted relevant management enquiries and obtained necessary representations from the management of the Company.

**Conclusion**

9. Based on the procedures performed as above, evidences obtained and the information and explanations given to us, along with representations provided by the Management, nothing has come to our attention that causes us to believe that the details included in the accompanying Statement, are, in all material respects, not fairly stated.

**Restriction on Distribution or Use**
