RateGain Partners with Easebuzz as a Gold Partner for RG Pay to Strengthen Payment Capabilities in India

India, 21st April 2026: RateGain Travel Technologies Limited (NSE: RATEGAIN), a global provider of AI-powered SaaS solutions for travel and hospitality, today announced a strategic partnership with Easebuzz, a leading digital payments platform in India, as a Gold Partner for RG Pay.

Through this partnership, Easebuzz's payment gateway and local acquiring capabilities will be integrated with RG Pay to enable travel and hospitality brands to better serve Indian travelers. Brands will be able to offer widely used domestic payment methods such as UPI, cards, net banking, and wallets, helping improve payment acceptance, reduce friction at checkout, and drive higher booking completion rates.

With India emerging as one of the fastest-growing travel markets globally, payment behavior continues to be shaped by real-time systems like UPI and a strong preference for local payment options. This partnership enables travel brands to align their checkout experience with these evolving preferences, while improving reliability and performance for domestic transactions.

"At Easebuzz, we are focused on offering verticalized payment solutions, with travel being one of the key segments we are building for. Along with simplifying digital payments for travel brands across India, we offer competitive features such as EMI and BNPL payment options, as well as an offer engine on the checkout page to improve conversion rates and drive repeat purchases. Partnering with RateGain enables us to extend our capabilities to global travel brands looking to serve Indian consumers more effectively. Together, we aim to deliver seamless, reliable, and locally optimized payment experiences," **said Amit Kumar, CTO & Director, Easebuzz.**

"India is a high-growth market where payment preferences are evolving rapidly, led by UPI and alternative payment methods. Through our partnership with Easebuzz, we are strengthening our ability to help travel brands capture this demand with more relevant and high-performing checkout experiences. This collaboration is focused on enabling better conversion outcomes in India," **said Parijat Tiwari, Executive Vice President & General Manager, Distribution, RateGain.**

RG Pay enables travel and hospitality companies to improve checkout performance by integrating localized payment capabilities and affordability options into a unified layer. Through partnerships with leading payment providers, RG Pay helps brands adapt to market-specific payment behaviors while maintaining a consistent and scalable checkout experience.

About Easebuzz

Easebuzz is RBI-authorised full-stack payment solutions platform serving more than 2,50,000 Indian businesses, ranging from startups and SMEs to large-scale enterprises. With a mission to become a one-stop Financial Operating System for businesses, Easebuzz offers a comprehensive suite of software solutions embedded with payments infrastructure that help companies digitize and automate end-to-end workflows around payment acceptance, payout disbursements, connected banking, split payments, automated reconciliation, vendor payments, sub-merchant management, refund management, etc. The platform offers solutions across diverse sectors including education, e-commerce, retail, NBFCs, insurance, government, and travel & tourism. Some of the marquee clients of Easebuzz include Zepto, BigBasket, Bajaj Finserv, Star Health Insurance, Symbiosis University, Parul University, DLF, Lodha, and many more
