AG Enviro Infra Projects Pvt. Ltd., a subsidiary of Antony Waste, has secured MSW collection and transportation contracts worth approximately ₹1,330 crore from BMC

Project Highlights:

- **Project Scope:** Collection and transportation of ~1,250 MTPD of municipal solid waste across key wards of Mumbai, covering A, B, C, D, N, S and T Wards
- **Contract Value & Tenure:** Total two contracts having value of ~₹1,330 crore for a 7-year concession period
- **Awarding Authority:** Brihanmumbai Municipal Corporation (BMC), India's largest municipal corporation

Thane, December 17, 2025: Antony Waste Handling Cell Limited ("AWHCL"), India's leading integrated solid waste management Company, announced that its material subsidiary, AG Enviro Infra Projects Private Limited, has been awarded two large-scale Collection & Transportation (C&T) contracts by the Brihanmumbai Municipal Corporation (BMC), reinforcing AWHCL's leadership in India's urban waste management sector.

The contracts have been awarded to a consortium/Joint Venture comprising AG Enviro Infra Projects Private Limited (51%), M/s. Jigar Transport Company (29%), and M/s. M. K. Enterprises (20%). The combined value of these contracts is approximately ₹1,330 crore, with the two contracts individually valued at ₹684 crore and ₹646 crore, providing stable long-term revenue visibility over a seven-year tenure.

Under the terms of the contracts, the Joint Venture will manage the collection and transportation of approximately 1,250 metric tonnes per day (MTPD) of municipal solid waste across key Mumbai wards. This includes:

- ~650 MTPD from A, B, C, and D Wards
- ~600 MTPD from N, S, and T Wards

These projects will strengthen Mumbai's municipal waste infrastructure, improve service reliability, and ensure timely transportation of waste to designated landfill sites. The award underscores Antony's proven execution capabilities, strong operational track record, and ability to manage large-scale urban projects in high-density metropolitan environments.

Commenting on the contract award, Jose Jacob, Chairman & Managing Director, Antony Waste Handling Cell Limited said,

"We are delighted to secure these two significant Collection & Transportation contracts from the Brihanmumbai Municipal Corporation. This award reinforces our leadership in executing large-scale municipal waste operations across India's urban markets. Mumbai has always been a cornerstone geography for Group, and this win strengthens our long-term partnership with the city. The seven-year contracts enhance revenue visibility, support our strategy of building a resilient management portfolio, and further strengthen our ability to deliver sustainable growth and long-term value for our stakeholders"

About Antony Waste Handling Cell Limited

Antony Waste Handling Cell Limited is leading player in the Indian Municipal Solid Waste Management industry with an established track record of more than two decades, providing full spectrum of MSW services which includes solid waste collection, transportation, processing and disposal services across India, majorly catering to municipalities. The Company has pioneered both MSW collection and transportation business in the country. We are also key players in the landfill construction and management sector with in-house expertise for construction and management of landfills. We are focus on the emerging waste management areas in India such as waste to energy. During our journey of over two and half decades, we started the business with MSW C&T and built their way in the solid waste management business, having worked with more than 23 Municipal Corporations. At Kanjurmarg, Mumbai, the Company is operating the largest single location waste processing plant in Asia. The PCMC WtE is the first WtE Plant in Maharashtra selling power under Green Energy Open Access Rules. Further strengthening its renewable energy portfolio, the Company has also secured two new Waste-to-Energy projects in Kadapa and Kurnool in Andhra Pradesh, reinforcing its commitment to sustainable and technology-driven waste management solutions.
