PRESS RELEASE

SHELTER PHARMA LIMITED LAUNCH OF D3 CURE CAPSULES

Ahmedabad, India, December 15, 2025:-

Shelter has spent the last six decades championing natural healing, guided by the principles of tradition, integrity, and continuous progress. Today Shelter stands tall as one of the most trusted name in herbal remedies. To keep pace with changing times, today Shelter isn't just about our passion to help human beings lead healthier lives, but also about an aggressive, professional approach that combines extensive research and development with state-of-the-art technology. Shelter has remained dedicated to the natural way of healing.

Since our humble beginning in 1965, we have grown with a deep commitment to nature, blending traditional wisdom with a modern, forward-looking approach.

- Leading the future of natural healthcare.
- Improving lives with trusted, effective solutions worldwide.

Now shelter has expanded its Nutraceutical portfolio with the launch of **D3 Cure Capsules tapping into rapidly growing international market**. Primary benefit is the **prevention and treatment of vitamin D deficiency**. It plays a crucial role in helping the body absorb calcium and phosphorus, which are essential for maintaining overall health.

Key Benefits

The D3 Sure capsule provides several health benefits:

- **Supports Bone Health:** By aiding calcium absorption, it helps maintain strong and healthy bones and reduces the risk of fractures. It is used to manage conditions like osteoporosis (weak and brittle bones), osteomalacia (softening of bones), and rickets in children.
- **Boosts Immune System:** Adequate vitamin D levels help support immune function and may increase the body's resistance to various infections and illnesses.
- **Enhances Mood and Mental Health:** Low vitamin D levels are associated with an increased risk of depression, and supplementation may help improve mood and mental well-being.
- **Supports Muscle Function:** It contributes to healthy neuromuscular function, which can help reduce muscle pain and weakness.
- **May Aid in Chronic Condition Management:** It may be part of the treatment plan for certain chronic conditions such as rheumatoid arthritis and multiple sclerosis.
- **Cardiovascular Health:** Vitamin D is important for a healthy heart and blood vessels by helping to regulate blood pressure.

This launch is part of the Company's strategy to expand its Nutraceutical portfolio and strengthen its presence in the wellness and preventive healthcare segment.

The Company believes that the launch of this product will contribute positively to its growth prospects and reinforce its commitment to providing high-quality, science-backed nutritional solutions.

The company continues to focus on building a diverse portfolio of high-quality, accessible wellness products that cater to evolving consumer needs. As it deepens its presence in the Nutraceutical sector, Shelter Pharma is poised to deliver sustained growth, strengthen brand equity, and create long-term value for its customers, partners, and investors alike.
